VOL. 41

VICTORIA, B. C., FRIDAY, JULY 5, 1912

NO. 4

OVER TWO SCORE KILLED IN WRECK

BODIES OF NUMBER OF
VICTIMS UNIDENTIFIED

Fifty-One Persons Injured, but
All Probably Will
Recover

Corning, N. Y., July 5.—Twenty-five victims of the wreck yesterday on the Lackawanna railroad have been identified and sixteen still awaited identification to-day, eight in Elmira and eight in Corning. Forty-one persons were killed and fifty-one injured in the disaster. But one additional identification was made in the early hours of the morning. Mrs. Louis Friedman, of New York, whose body was taken to Elmira, was recognized there by her brother.

Of the injured but four, Miss Mary Brenton, James Griffith, Nellie Schandell, all of Newark, and Max Elsmann, of Jersey City, are considered seriously hurt. A pathetic case was that of William R. Laird, of Buffalo, whose entire family, consisting of his wife, 5-year-old daughter and two-year-old son were killed. His father also was killed. Laird, who is employed in a Buffalo printing establishment, left that city last night, knowing only that his father, Geo. Laird, had been killed. He had received no information of the fate of the others and visited the local morgue searching for the missing ones. At the first place visited he found his little boy and girl laid out side by side on a stretcher. At the second morgue he found the body of his wife beside that of his aged father. The family had taken advantage of holiday excursions for a reunion in Buffalo. It was Geo. Laird's first railroad trip in sixty years.

Coroner Smith announced it was impossible to have the train crews on hand for several days and that the inquest opened last night will not be resumed for to-morrow.

An investigation of the wreck was begun by the state railway commission. The Lackawanna railway will hold its formal investigation at Scranton to-morrow.

FOUND DEAD.

Bassano, Alta., July 5.—The body of an unknown man was found yesterday in the sample room of the Alberta hotel. Papers found on the man led to the belief that his name is Richard Vasey. A hospital account from the Royal Alexandra hospital in Edmonton bears that name under date of June 4. No money was found on him, but cards and letters addressed showed the names of A. J. Beaton and J. Ferguson. Dr. Harris ascribes death to suffocation, no foul play being suggested.

SASKATCHEWAN ELECTIONS.

Regina, Sask., July 5.—Nominations took place yesterday throughout the province for the provincial elections which will be held July 11.

SELF-POSSESSED IN FACE OF DANGER

Former Premier of China Out-
wits Native Who Covered
Him With Revolvers

Tien Tsin, July 5.—Tang Shao Yi, former premier, cleverly gave an alleged would-be assassin the slip to-day and remains here for the moment in temporary safety while his would-be slayer is on board ship on the way to Shanghai.

Tang Shao Yi with his family were on board the steamer when the former taoist, Chang Chun, approached and introduced a friend, named Wang Cheng Hsiang. The latter promptly covered Tang Shao Yi with two pistols and demanded to know why he had run away from Nanking. Tang Shao Yi's explanation was outwardly well-received by Wang Cheng, who, however, remarked that he intended to accompany Tang Shao Yi to Shanghai. Wang Cheng then returned to his berth, and as soon as his back was turned Tang Shao Yi and his family sought safety by slipping off the vessel and returning to land. The steamer departed almost immediately for its destination.

G. T. P. SERVICE.

Will Run Train From Yellowhead Pass to Edmonton, Starting July 7.

Winnipeg, July 5.—The Grand Trunk Pacific will run a passenger train from Yellowhead Pass to Edmonton to connect with the daily limited, starting July 7, was the statement made yesterday by W. P. Hinton, general passenger agent.

H. P. DWIGHT DEAD.

Associated With Great Northwest Telegraph Company Since Its Formation.

Toronto, July 5.—H. P. Dwight, aged 84, president of the Great Northwest Telegraph Co., of Canada, died at his home yesterday afternoon. He has been associated with the company since its formation 70 years ago, starting as a messenger boy.

Harvey Prentice Dwight was born in Belleville, Jefferson County, N. Y., December 23, 1828. A telegraph operator from his youth, he came to Canada in 1847, entering the employ of the Montreal Telegraph Company, with whom he remained until 1881, when he entered the service of the Great Northwest. Between 1881 and 1903 he was general manager of this company. Since 1892 he has been president. During the Northwest rebellion in 1885, Mr. Dwight rendered signal service to the government, which was acknowledged in parliament by the minister of militia.

FATAL BRAWL.

Panama, July 5.—The report of a serious brawl between the Panama police and a number of United States marines while the Americans were celebrating the Fourth of July last night is confirmed. A fight occurred late in the evening with the result that one American, T. W. Davis, was killed, and two American marines and six soldiers belonging to the Tenth Infantry regiment as well as two American civilians wounded. The wounded men are now in a hospital. Two Panama policemen also were wounded. The United States legation is investigating the matter.

COL. ROOSEVELT OUTLINES CAMPAIGN

Progressive Candidate Will Appeal to Farmers and Wage Workers

Oyster Bay, N. Y., July 5.—A campaign along novel lines was sketched in bare outline last night by Col. Roosevelt. As the candidate of the new Progressive party for the presidency, Col. Roosevelt intends to make an appeal largely to farmers and the wage workers on the ground that neither the Democratic nor the Republican party is attempting seriously in this campaign to deal with the fundamental economic and social conditions which confront the country. Particular attention will be paid to the high cost of living.

Col. Roosevelt said that Senator Jos. M. Dixon, of Montana, who managed his campaign for the Republican presidential nomination, in all probability would be his campaign manager. The senator's headquarters will be in New York, where he has spent most of his time since the Chicago convention. This programme has been agreed upon as definite.

CAMORRA TRIAL.

DRAWING TO CLOSE

Has Been in Progress for Nearly Two Years—Prisoners Change Attitude

Viterbo, Italy, July 5.—The members of the Camorra, who have been on trial here for nearly two years, now have assumed a most humble attitude, and show the most profound respect for the judges and jury, placing themselves entirely in the hands of the court which shortly is to deliver its verdict.

The presiding judge to-day read a long list of questions for the jury to answer to establish who were the instigators of the crime of murdering Coccollo and his wife in June, 1909, who were the material executors of the crime; who were the accomplices, and who were simply members of the criminal association.

The judge then began a summing up of the case.

MARRIAGE REFERENCE CASE.

Montreal, July 5.—According to a cablegram received from Hon. C. J. Doherty, at present in London, there is every prospect of the marriage reference case proceeding before the Privy Council and being finally disposed of during the course of the present month. All the counsel connected with the case are already in England with the exception of P. B. Mignault, who will leave for London at once.

STRIKE OF SEAMEN.

New York, July 5.—Although the steamship companies declare that their vessels are arriving and leaving without unusual delay, Secretary Jas. V. D. Vidal, of the National Transport Workers' Federation, is optimistic over the progress of the seamen's strike and predicts a general tie-up of marine transportation within the next two days.

REBELS TO ADOPT GUERRILLA TACTICS

LEADER PLANS CAMPAIGN
IN THE MOUNTAINS

Government Sends Large
Force to Intercept the
Revolutionists

El Paso, July 5.—Organized revolution in Mexico insofar as its pretence to a military campaign of concentrated forces goes, was by to-day's movement of the rebel army, shown to have ended and in its place there was substituted a guerrilla warfare, threatening widespread devastation in northwestern Mexico.

Five troop trains bore the retreating insurgents from the vicinity of Chihuahua City to Juarez, opposite here, and before the day was over it was expected most of the rebels would be sent southwest from Juarez, a distance of 75 miles to Casas Grandes, from which point it was intended to effect an entrance to the rich mining state of Sonora.

Having abandoned Chihuahua to the federalists, the rebels destroyed all bridges between Bachima, where the last battle occurred, and Juarez, 30 miles north of Chihuahua, the small station at which the rebel outposts now are gathered. The evacuation of Chihuahua means that the zone of rebel control will be greatly diminished, Juarez being the only important point that remains.

General Orozco, the rebel chief, spent the night at Juarez, but was expected in Juarez to-day to direct the movements of various bands into which the rebel army is now disintegrating. Juarez at present is the rebel capital. Transfers of arms have been sent there within the last three days.

Although the invasion of Sonora means a campaign in the mountains, the rebels, most of them mountaineers, believe themselves equal to it. The revolution in that form, they say, will prove more vexatious to the government than an ordinary campaign. To check the rebel invasion of Sonora, the Mexican government is moving forces from Agua Prieta and Western Sonora. Fully four thousand men are believed to be under way to intercept the rebels.

MURDERS THREE; ENDS OWN LIFE

Artilleryman Shoots Former
Wife, Daughter, Son and
Himself

Walla Walla, Wash., July 5.—Sergeant John Proctor, of the 126th Coast Artillery at Fort Worden, near Port Townsend, shot and killed his former wife, his son and daughter here yesterday, then turned the gun upon himself, dying an hour and a half later from a wound in his head. The shooting occurred in a lodging house, of which Mrs. Proctor had been proprietress since her divorce last Christmas.

The dead: John Proctor, about 40 years of age; Ada Proctor, his divorced wife, 28; Nellie Proctor, daughter, 14; Everett Proctor, son, 8.

The mother and son were asleep in the mother's room. It is believed the crazed father killed them while they slept.

The daughter seems to have fled from the room into that rented by the father, where he later sent a bullet through her brain and took his own life.

Proctor was a gun-slinger with his company and took a month's leave of absence about two weeks ago. His service stripes show about twenty years in the army. He came to Walla Walla and put up at his former wife's lodging house, paying room rent as a regular patron.

Because of the children he was allowed to stay, as by the terms of the divorce obtained by the woman last Christmas he was to be allowed to visit his children once a year. Mrs. Proctor, however, had been in constant fear of her husband since their divorce, her friends declare.

Proctor and his daughter took dinner at a downtown restaurant yesterday and afterwards he sent the girl home while he mingled with the crowds on the street. Returning to commit his quadruple crime, he used an automatic revolver and only four shots were fired.

to take in washing to support her children, and that she asserted Proctor would take her money and spend it on himself.

HOMESTEADER'S SUICIDE.

Edmonton, Alta., July 5.—The South side was thrown into a furor of excitement by the suicide of a Galician homesteader, residing about twenty miles from the city near Budford, Alberta. The man's name is given as Pete Marenuik, while others give it as Pete Macinczuk.

The suicide had many sensational incidents, over 200 South side citizens uniting in a search for the man's body. It followed an altercation in the Commercial hotel bar. The dead man had been drinking and was considerably under the influence of liquor.

Marenuik is believed to have turned a loaded revolver upon himself under the impression that he had killed or seriously injured a fellow-countryman during the course of the row in the bar-room. He was being pursued by a crowd of several hundred people. It is thought that the sight of the crowd pursuing him led the man to believe that he had committed murder and in consequence he took his own life.

BRYAN CONFIDENT OF THE RESULT

SAYS PLATFORM WILL
PROVE POPULAR

Predicts Large Plurality for
Wilson—Views on Roosevelt's Party

Chicago, July 5.—Wm. J. Bryan, who stopped in Chicago to-day on his way to Nebraska, declared that if a third party were formed Col. Roosevelt might drive some reactionary Democrats over to President Taft, but with the Democratic ticket and platform, Roosevelt could not expect to draw many Progressive Democrats to himself. Before leaving Baltimore Mr. Bryan estimated that Wilson would have a plurality of two million over President Taft. When asked to-day if he still held to that estimate, he replied:

"In estimating Wilson's plurality at two million I was not counting on a third party. That might reduce the plurality some, and yet not much, because many Republicans who will vote for Mr. Roosevelt would not be willing to vote for a Democrat, and that would largely reduce Mr. Taft's vote. Taft will be the contender for the Roosevelt votes, not Mr. Wilson."

"What do you think of the attitude of Governor Osborn, of Michigan, in coming out against the Roosevelt third party?" he was asked.

"I have read Governor Osborn's statement," he replied, "but I do not expect as large a proportion of support from the Progressive leaders as from the rank and file of the party."

"On the make-up of the platform he said, 'We put the tariff question second in arranging the platform, but the party's position is clearly and strongly stated on all important questions.'"

"The single term for the presidency is going to attract a good deal of attention, and also the declaration favoring direct primaries. One of the best planks in our platform is the one declaring for the popular election of national committeemen, the committeeman to begin service when elected. The change will prevent a hold-over committee from organizing the convention."

Asked what he thought of Col. Henry Watterson's prediction that Col. Roosevelt's party would succeed, Mr. Bryan said: "Mr. Watterson's predictions have not all come true, but if such a miniature as he predicts should overtake us, I hope the Lord will give us strength to bear it with more cheerfulness than 'Marse Henry' bears his."

Mr. Bryan said he had favored Governor Burke or Senator Chamberlain for vice-president, because they would have brought the Democrats more votes than Marshall. However, he declared, the Indiana governor was a powerful man on the stump and had an excellent record.

TWO BRITISH ARMY AVIATORS KILLED

Aeroplane Turns Turtle in Mid-air and Falls 400 Feet

Salisbury Plains, Eng., July 5.—Captain E. B. Lorraine and Sergeant Major Wilson of the army flying corps, were killed this morning while flying over the great military encampment here. They were taking their usual morning practice and the aeroplane had reached a height of 400 feet when the machine turned over and fell to the roadway.

MINISTERS WILL HAVE BUSY TIME

WILL ATTEND NAVAL
MANOEUVRES NEXT WEEK

Premier Borden and Colleagues
to Be Entertained at Banquets in London

London, July 5.—Premier Borden and his colleagues will attend the fleet manoeuvres next week. Among other engagements in addition to these already announced are the dinners of the Empire Parliamentary Association and the London Chamber of Commerce.

The Colonial Secretary called on Premier Borden directly after his arrival. Some idea of the public interest taken in the visit of Canada's premier and ministers may be gained from the fact that for several days the papers have devoted a couple of columns to describing incidents of the arrival.

The Liberal organ, the Daily News, gives two editorial warnings. It says that a section of the English press and the Unionist party are trying to create an atmosphere of panic so as to bustle the Canadian minister into accepting a scheme for an Imperial squadron under the pressure of a panic, whereas it is perfectly easy to show that the scare is baseless and the naval situation is much easier since the Germany rate of construction has dropped nearly 50 per cent. Should the Dominion discover that it has been deceived a pretty heavy blow will have been struck at the mutual confidence which is the surest basis for Imperial co-operation.

The Daily News also says: "It is not statesmanship to force our own naval views on the Dominion. Action must march after opinion."

Premier Borden announces to-day that he will not attend the functions until the arrangements are fixed for conferences with the British authorities.

FIRE DESTROYS HOTEL.

North Bay, July 5.—The Lady Evelyn Hotel on Lake Temagami owned by the Temagami Steamship and Hotel Company, was destroyed by fire yesterday. The loss will be over \$20,000, partly covered by insurance.

UNION OFFICIAL ENTERS APPEAL

Is Under Sentence at Los Angeles for Contempt of Court

Los Angeles, Cal., July 5.—H. W. Pohman, business agent of the Seattle union of the International Association of Bridge and Structural Ironworkers, who is reported to have in his possession letters said to relate to the alleged dynamite conspiracy, is under bond of \$500, pending his appeal from a ruling on a charge of contempt of court.

Pohman several months ago refused to testify before the federal grand jury here, and recently was ordered to do so by United States Judge Welborn, or to go to jail for contempt of court.

After the court's order, Pohman again was taken before the grand jury and again refused to testify or to produce the books of the Seattle ironworkers' organization. He and his attorney decided to appeal from Judge Welborn's order to the district court of appeal, and pending the result of their action a stay of execution in the contempt matter was ordered.

CECIL RHODES MEMORIAL.

Monument on Table Mountain Unveiled by Earl Grey.

Capetown, July 5.—Unveiled by Earl Grey, former governor-general of Canada, the imposing monument to the late Cecil Rhodes, who has been called the Father of the British Empire in South Africa, was officially inaugurated to-day with impressive ceremonies. The monument, which was completed some months ago, stands in a commanding position on the side of Table Mountain.

Earl Grey will travel as far north as the Victoria Falls. It has been one of his desires, as he often said when in Canada, to see falls that are twice as high as Niagara. From the Victoria Falls, he hopes to go on to the Kafue country, and to have a few days' shooting there.

He will return through Rhodesia, where he will have the opportunity of renewing old friendships and interests. It is sixteen years since he was Administrator there.

WILL SETTLE DIFFERENCES.

Winnipeg, July 5.—A conference was held yesterday between the Winnipeg Street Railway and members of the city council, when it was announced that all outstanding differences would be settled within ten days.

SERIOUS STRIKE RIOTS.

Police and Soldiers Injured in Fight With Seamen and Dock Laborers.

Hayre, July 5.—Many police and soldiers were injured by missiles hurled from windows during serious riots begun last night by striking seamen and dock laborers. Strikers took possession of a lock and when expelled by the police, gathered again at the docks and met the police and a detachment of infantry, which had been called to support the police, with showers of stones and bricks.

Among the ringleaders of the strikers were several excited women, wearing flaming red sashes. The strikers were forced finally to retire, but retreated slowly, erecting barricades in many of the streets. They broke all the windows in the two principal police stations.

Military reinforcements have arrived here from Rouen.

VICTIMS OF STORM.

Bodies of Two Men Found in Fishing Boat Have Been Identified.

Vancouver, July 5.—C. Cooper and Hugh Edwards, of South Vancouver, were the two fishermen whose bodies were found two days ago off Pender Harbor, 70 miles north of Vancouver. The means of identification was unique. The boat on which their bodies were found had drifted near shore and a small dog was found on the beach near the boat. He refused to leave the place and manifestly had belonged to one of the dead men. On his collar was a tag which has been identified by the license inspector of South Vancouver as one he issued recently to Cooper. The two men were known to be away fishing together. There is no suggestion of foul play. The men had lost their sails and oars in a storm and had died of exposure.

WOMAN AND TWO CHILDREN PERISH

Mother Loses Life While Trying to Save Her Son and Daughter

Rye, N. Y., July 5.—Mrs. Allen Ross and her two children, a boy and a girl, of 12 and 10 years respectively, were drowned in Long Island Sound, near their home here, early last evening. Mrs. Ross lost her life in a vain attempt to save the lives of her children.

Returning to his home late at night, after spending the day in an automobile trip, Mr. Ross found the bodies of his wife and children on the beach where they had been left by the receding tide. They were clasped in one another's arms. According to a third child, the children were celebrating the Fourth on the rocks at the water's edge when the little girl dropped a piece of punk over a bluff. Her brother climbed down with her to help recover it, but both slipped and fell into the deep water.

WHITE PASS WILL EXTEND SERVICE

Yukon River Transportation
Men Assemble at
Dawson

Dawson, Y. T., July 5.—Transportation men controlling the situation of the Yukon river assembled here this week. William Fairbanks, general manager; Volney Richmond and Tom McGowan, legal advisers of the Northern Navigation Company, arrived last Sunday. Mr. Fairbanks coming from California and the two others from Fairbanks.

O. L. Dickson, president of the White Pass route, together with Rail Superintendent Hahn, River Superintendent Wheeler, Auditor Miller and Purchasing Agent Rogers, arrived from the coast.

Mr. Dickson says his company plans to extend its steamer service to Fairbanks, but further than that he is not prepared to make any definite statement. It is evident that something is brewing in transportation circles over the competitive situation.

Mr. Dickson says the White Pass will handle the largest tonnage this year in the history of the road because of the heavy ore shipments from the White Horse iron and copper properties.

RAILWAY COMMISSIONER.

New Chairman Will Not Take Up Duties Till September.

Ottawa, July 5.—H. L. Drayton, K. C., corporation counsel for the city of Toronto, who has been appointed to succeed the late Judge Mabey as the chairman of the Dominion railway board, states that he will not take up his new duties till September. This means that he will not go west with the board on its mid-summer trip.

FATALITIES ON INDEPENDENCE DAY

MANY ACCIDENTS
DURING CELEBRATION

Five Killed While Returning
From Picnic—Ballooning
Falls to His Death

Tulsa, Okla., July 5.—Five persons were killed and seventeen injured when an Interurban car crashed into a "dead" gasoline car near Sand Springs park last night. The car was bringing 300 picnickers from the Fourth of July celebration to this city. The air brakes failed when the motorman tried to stop his car.

Ballooning Killed.
Newark, N. J., July 5.—Thomas Moore, of Jacksonville, Fla., widely known balloonist, was killed yesterday while making a triple parachute drop over the Hillside Pleasure park at Belleville, N. J. He fell 800 feet. Moore attempted to descend from a height of 10,000 feet. The first and second parachutes opened properly, but the third spread with such a jerk that the balloonist lost his balance.

Cyclist Meets Death.
Salt Lake, Utah, July 5.—Going 50 miles an hour, a motor-cycle flew off the motordrome track at Wandamere last night, dashed its rider to death, broke an electric light pole, threw the park into darkness, ran amuck among the spectators in the grandstand, and injured seven. The dead: Harry G. Davis, aged 22, motor-cyclist.

Injured: Miss Elizabeth Shepard, right arm broken; Charles L. Rollins, travelling salesman, face cut and chest bruised; Grace Cunningham, jaw broken and head cut; Miss Elizabeth Jensen, nose broken; Miss Elva Thoreson, bruised; unidentified man, jaw broken and concussion of brain; Mrs. Annie Carter, bruised and cut.

It was on the track on which Henry Potter was killed three weeks ago that Davis met his fate. Like Potter, he was attempting to pass a competitor in a race when he lost control of his machine. It climbed the side of the saucer unguided. As it hit the pole, Davis was hurled against the globe of the arc light, and with the glass clattering after him, slid 20 feet along the top of the track and then rolled down the incline.

Auto Fatality.

Portland, Ore., July 5.—John E. Ruedy, a member of a firm of plumbers in this city, was killed, and Mrs. Davis E. Steele, also of Portland, was seriously injured when Ruedy's automobile was crowded off an embankment along the Sandy river, several miles east of here late yesterday. Ruedy had taken his wife and Mrs. Steele and her two children for a trip up the Columbia river, and were returning toward Portland when an automobile, travelling at a high speed, approached. In order to avoid the collision Ruedy pulled his car to the side of the road next to the embankment. The wheels of the car were undermined by loose sand and it rolled down the embankment. The other occupants escaped with slight bruises.

CHARGE AGAINST FEDERAL OFFICIAL

Alleged to Have Used Influence
to Intimidate Electors in
Saskatchewan

Regina, Sask., July 5.—William Shields, Dominion homestead inspector, has been brought to Regina under arrest, charged with using his influence as homestead inspector to intimidate electors in contravention of the Election Act.

Shields, who recently came from Brandon, was arrested in Swift Current, to which district he had been appointed by the department of the interior. He appeared before Justice of the Peace Anderson at Swift Current, and at his own request was remanded to Monday next. He was committed by the magistrate to the Regina jail and was brought into the city.

DIED ON TRAIN.

Little, Mont., July 5.—Mrs. Agnes C. Fitzpatrick, wife of Thomas J. Fitzpatrick, of Dubuque, Ia., a member of the credentials committee at the Elks convention at Portland, died suddenly Wednesday night near Harlowton, Mont., on a special Elks train from Dubuque to Portland. The body was sent back to Dubuque.

FOREST FIRES.

Montreal, July 5.—Twenty-four miles of the richest land in the Murray Bay district of Quebec have been devastated by forest fires which are still blazing.

The Car Luxurious Chalmers "36"

We know how perfect this car really is. We wish to send you a catalogue to draw your attention to the Chalmers line and give you as complete an idea as is possible in word and picture of the really remarkable value of our Chalmers car. To do this, we believe that the simple statement of the actual specifications carry more weight with you than any amount of superlatives we might use. It will be an easy task for you to compare our specifications with any other car selling at \$100 to \$500 more, and we cheerfully invite comparison.

Then phone us at 241 and try the Chalmers on any road, hill or speedway, and you shortly will become a member of the CHALMERS CLUB. Chalmers Cars sell from \$2300 to \$4500, including full equipment and Air self-starter, together with power tire pump.

KEEPS BODY OF SISTER FOR YEAR

Woman Found Lying at Point of Death Beside Corpse

London, July 5.—A weird story of two aged sisters who wished not to be parted in death, comes from Gateshead, where an old lady was lying at the point of death, beside the corpse of her long-dead sister. The sisters were named Nellie. Both were over 75 and were retired dressmakers. At one time they conducted a flourishing business and employed many assistants. As they became old their companions dwindled and they went to live in a small house.

One of their few relatives who had not heard from them in a long time called to see the sisters and failed to get a reply to a knock. The door was broken down and the younger sister found in a state of collapse unable to speak, beside the mummified corpse of the older woman. She was attired only in a nightdress. A doctor declared the older woman had been dead at least a year.

MINISTER ENTERTAINED.

Hon. G. E. Foster Guest of West India Commission.

London, July 5.—The West India commission last evening entertained Hon. G. E. Foster, W. Campbell presiding. Those in attendance were: Lord Desborough, Sir T. Skinner, Sir G. Parker, Sir Max Aiken, Sir P. Morris, Sir W. Mackenzie, Bonar Law and Lord Lansdowne.

In proposing Mr. Foster's health, Lord Lansdowne uttered a wish that Sir John Macdonald could return and see the progress of Canada since the day's of his premiership.

Speaking of Lord Lansdowne's period of governor generalship, Mr. Foster recalled his mission to the West Indies years ago, when he did not conquer.

"I am not trenching on politics. I deal in the naked truth when I say that if the verdict of the 21st September had been different there would have been no West Indian agreement. The West Indian negotiations were proof of the advisability of reasoning with each other on commercial matters."

Mr. Foster pointed out how Canada had spent much in subsidies to steamships willing to make the Canadian-West Indian communication equal to that of the West Indies and the United States. The people of Canada and the West Indies have struck a note which may reach through the empire and may challenge attention and invite others to do likewise. It may appeal to our recalcitrant brethren of this

splendid old island to examine at least their pattern and mark what steps they are on.

Hamar Greenwood proposed the toast to the West Indies. Hon. J. B. Hazen supported and spoke with gratitude of the magnificent reception Bristol and London had accorded his colleagues and himself.

MESSAGE OF SYMPATHY FROM THE KING

Mayor of Regina Receives Telegram—Relief Fund Continues to Grow

Regina, Sask., July 5.—Civic authorities and citizens generally have got their shoulders to the wheel and are hard at work on the stupendous task confronting them. Telegrams of sympathy and offers of assistance continue to come, the last being the following from His Majesty King George, conveyed through the Governor-General:

"His Honor the Lieutenant-Governor, Regina:
"Following received from His Majesty the King: 'Deeply distressed to hear of terrible storm at Regina which has caused so much damage and sad loss of life. Please express my sympathy.'"
(Sgd.) "ARTHUR."

The following was sent in reply: "H. R. H. the Duke of Connaught: 'Have communicated His Majesty's gracious message to the mayor and citizens of Regina and requested to express the great appreciation of the kindly sympathy of His Majesty in the affliction that has fallen upon them.'"
(Sgd.) "G. W. BROWN."
"Lieut.-Governor."

The relief fund continues to grow and now totals over \$150,000. To this H. R. H. the Duke of Connaught, today sent \$500, his donation being intimated in the following telegram:

"His Honor, the Lieutenant-Governor, Regina:
"Many thanks for your telegram. I am very thankful to hear that loss of life was not so great as first reported. I am sending \$500 to the relief fund now being raised by the mayor of Regina, as I fear many will find themselves in very distressed circumstances."
(Sgd.) "ARTHUR."

To this the Lieutenant-Governor replied: "His Royal Highness the Duke of Connaught, Quebec:
"Citizens of Regina feel very keenly the sympathy so generously expressed by Your Royal Highness in their time of trouble."
(Sgd.) "G. W. BROWN."
"Lieut.-Governor."

ACCIDENTAL DEATH VERDICT OF JURY

G. T. P. Workman Killed in Collision—Companion Sustains Injuries

Prince Rupert, July 5.—At the inquest held into the death of Patrick Moriarty, the workman killed on the G. T. P. recently, a verdict of accidental death was returned, the accident having been brought about by the culpable error of a bookkeeper in the employ of Messrs. Carey, Johnson & Helmers, the bridge constructors. The bookkeeper, who has nothing whatever to do with the running of the trains, was asked by phone to flag a certain train. As a matter of fact, the train he was meant to flag passed at the time he was at the phone.

Ignorant of this, the bookkeeper hastened off and instructed the men on the track work close by to flag the train he expected. A train duly appeared and was duly flagged.

Meanwhile, the train which had passed while the bookkeeper was at the phone sped on unflagged and met the rear end of a ballast train backing down on the single line in the opposite direction. There was a wreck. Patrick Moriarty was killed and a young fellow named Kelly was injured. Several men who were in the caboose of the ballast train saved their lives by leaping when they saw the other train rushing around the curve at them. The two victims were just too late to leap.

Both Moriarty and Kelly were lying on the top of the caboose, behind the cupola to shield themselves from the wind. Prevented by the cupola from seeing the oncoming train, their first notice of peril was the jumping of their mates from inside the caboose. They stood up to jump, said a witness, and at the same instant came the impact. The caboose was split in two and piled up with several ballast cars. The two men fell headlong into the wreckage. Injuries to the dead man's head and hands show this. They had to be extricated by the removal first of the piled up wreckage. Moriarty died very soon after being taken out.

WILL BUY WATERWORKS.

Chilliwack, July 4.—The voters of Chilliwack decided at the by-law election held here to lease bonds for \$100,000 for the purchase by the city of the Elk Creek waterworks. The by-law providing for that amount was passed almost three to one, the vote being 89 for and 3 against the by-law. The purchase price of the company will be greater than \$100,000, but the balance will be raised on a mortgage. At the same time the water by-law was carried the ratepayers voted to leave Young street as it is, and the \$5,000 asked for widening it was refused. The vote on the project was 47 for and 73 against.

CIVIC WELCOME FOR PREMIER BORDEN

Greeted by Lord Mayor of Bristol—Arrival in London

Bristol, Eng., July 5.—Premier Borden on his arrival here was received with a remarkable display of enthusiasm, hundreds pressing against the barriers at the landing stage, cheering and waving handkerchiefs. Mr. Borden, standing on the upper deck waved his hand in acknowledgement of the salute of the Lord Mayor, Sir Frank Wills, who was on the quay in his official robes. Speeches of welcome were delivered in the lounge room of the Royal George and Mr. Borden made a reply in carefully measured tones.

"It has been truly said here to-day," he said, "that besides the ties of kinship and allegiance which binds together this motherland and the great dominions across the seas there must also be considered the ties of commercial intercourse which certainly should not be neglected. I trust that we have in the past given and may in the future give every possible evidence of our desire to make not only the ties of allegiance, but the ties of commercial intercourse as well, stronger. I may venture to say though really it does not require utterance to any of my colleagues or myself, that those ties of allegiance which bind together the motherland and the dominions are stronger, I believe, to-day than ever before."

In London.
London, July 5.—On arrival at Paddington station the Borden party were met by Lord Strathcona, Donald McMaster and a large party of Canadians. The colonial office was represented by Sir Hartman Just and Lionel Earle, the latter being private secretary to Mr. Harcourt. The party proceeded to the Savoy hotel.

Premier Borden, on being interviewed said he knew nothing of a proposal that the Dominion should contribute Dreadnoughts to the Imperial navy. The announcement certainly did not come from any of the Canadian ministers. Such a matter, he added, would not even be discussed with the British Admiralty.

RELIC OF EARLY DAYS. Squatter's Cemetery at Rossland Contains Bodies of Unknown Dead.

Rossland, July 5.—Nine solitary bodies without relatives or friends lie in an old "squatter's" cemetery in Rossland, a relic of the days when each undertaker buried his dead in his own spot, and the city is in a dilemma as to what to do with them, inasmuch as the owner of the few lots wishes to put the land to some use. The spot is in the east end of the city, overgrown with weeds and with a few wooden stakes for tombstones on which there are only a few letters legible. A few names are known, but none have relatives to the knowledge of anyone in Rossland.

This last relic of the early days was brought to the notice of the city council by a letter from John Berg, the owner of the land and adjacent property. He asked the city to have the bodies removed to the present municipal cemetery or give their consent to allow him to do so, but in any case to grant plots for the reburial of the bodies. The council held the matter over until later, but the opinion was that Mr. Berg ought to do the work himself provided they give him the consent as the statute calls for.

The cemetery, of which these bodies are the last traces, was started in 1885, it is thought by one White, an undertaker. Oldtimers say that the first man to be buried there, and the second man to die in Rossland, was McLaughlin, who was killed by a companion with an axe. It was started on the old Paris Belle claim, no one imagining at that time that it would

DO NOT ATTEND SCHOOL.

Whitby, Ont., July 5.—Rev. J. S. Woodworth, superintendent of the All People's Mission at Winnipeg, addressed the missionary movement conference now in session here. Mr. Woodworth said:

"In the province of Manitoba alone, there are about 40,000 children not attending any school. Of 1,200 children of school age no less than 700 left in the first grade—the parents did not see the need of education, needed the money the children could earn, and there was no compulsory school law."

SUPERINTENDENT OF FISHERIES HERE

OTTAWA OFFICIAL ON
VISIT OF INSPECTION

W. A. Found Arrives in City—
Will Journey Up the B. C.
Coast

W. A. Found, Dominion superintendent of fisheries, arrived here from Ottawa yesterday and is to-day in consultation with officials of the provincial fisheries department on matters relating to the fisheries of the province. Mr. Found was accompanied by F. H. Cunningham, chief inspector of fisheries in the province, and they, with D. N. McIntyre, provincial deputy commissioner, will leave shortly on a visit of inspection along the coast.

To a Times representative at the Empress last night Mr. Found said that his present visit was for inspection purposes only. "I simply want to look over the ground," he remarked, "and meet the people engaged in the industry and size up the situation at close range. I have a fairly good acquaintance with the subject from a distance, of course, but I want a first-hand view of it."

Mr. Found is highly gratified at the interest now being taken in the utilization of British Columbia's deep sea fisheries. Their value, he said, could scarcely be overestimated. Their extent and diversity were such as to assure remarkable development in the next few years.

Questioned as to the sealing treaty and the present status of the subject, Mr. Found did not care to say anything. The disposition of the compensation, he said, was in the hands of the minister and would be dealt with when the money was received from Washington. His visit here had no connection with the matter.

Mr. Found has been in the fisheries branch of the government service since 1898.

He was assistant to R. W. Venning, who for years was superintendent of fisheries and whose health, as may be imagined, has become one of the busiest departments of the service. The sealing question, in particular, was one to which Mr. Venning and his staff gave constant attention and their correspondence files on this important matter contain probably the most complete record of the industry in existence.

In his trip up the coast Mr. Found and the other officials will travel in the fisheries tug Restless and they will go as far north as Naas. Upon their return Mr. Found will visit the whaling stations on the West Coast.

AUTO ACCIDENT PROVES FATAL

E. G. Warren, General Manager of B. C. Copper Company, Dies From Injuries

Vancouver, July 5.—E. G. Warren, general manager of the British Columbia Copper Company, died at Greenwood, Boundary district, yesterday from the effects of injuries received in an automobile accident there a few days ago.

The sad intelligence was conveyed in a dispatch received by Thomas Kiddle, M. E. of this city, from E. Jacobs, of Victoria, who is now touring the Kootenays as secretary of the British Columbia branch of the Canadian Mining Institute.

The accident occurred on Sunday when Mr. Warren's auto ran over a steep embankment in descending a mountain road leading from the company's Mother Lode mine in Deadwood camp, about three miles from Greenwood. His car rolled a hundred feet down the mountain. Four other passengers were slightly injured. Mr. Warren is survived by a widow and several children.

Mr. Warren was a son of the late Mr. John Warren, of West Hawkesbury, Ont., and took the science course with honors at Toronto University. He arrived in Roseland in its pioneer days, finding employment with various mining companies for several years and early giving promise of a successful career. Later he spent several years in Colorado, subsequently returning to the Kootenays. He accepted the position of assistant superintendent of the B. C. Copper Company's smelter at Greenwood and established a record for the plant by effecting a sweeping reduction in smelting charges. When Mr. McAllister became general manager Mr. Warren succeeded him as smelter superintendent. Later when Mr. McAllister resigned to engage in consulting work in New York Mr. Warren assumed the entire direction of the mine and smelter, winning further honors for his administrative ability. He was about 39 years old.

AUTO RACER INJURED.

Tacoma, Wash., July 5.—Catapulted forty feet through the air, when a tire flew off his Cole racer as he rounded a turn in the track, south of the city, "Red" Sebastian, one of the speed kings entered for the big automobile race meet, was so badly injured this morning that he will be unable to compete. He landed on his face and right side. His face was badly cut and his body frightfully bruised from the shoulders to the knees. His right hip was so badly bruised he probably will not be able to get on his feet for several days.

MUNICIPAL BOND SALES.

Toronto, July 5.—The municipal bond sales for June, as compiled by the Monetary Times, amounted to \$1,690,344, compared with \$1,928,748 for May and \$2,384,676 for the corresponding period last year. The following are the particulars by provinces:

Quebec, \$790,000; Saskatchewan, \$364,500; Ontario, \$165,344; British Columbia, \$110,000; Nova Scotia, \$100,000; Alberta, \$59,500; Manitoba, \$38,900; New Brunswick, \$32,900. Total, \$1,690,344.

INDIAN CHIEF DEPOSED.

Ottawa, July 5.—An order in council has been passed deposing a monarch. It does not often happen that the government is called upon to unseat a ruler, but it has been done in this instance, and one Baptist Logan becomes

IF YOU WERE AN EXPERT WHAT CAR WOULD YOU BUY?

The time has passed when automobiles can be sold to you on their appearance or claims. This is a day when you and every purchaser must be shown what the car for which you pay your money will actually perform; what it will do. Beware of an automobile salesman who attempts to beguile you with a pleasing story. Tell him to show the goods and PROVE to you that his cars are worth the money. Find out whether his car is a real car or only an assembled automobile built to sell.

BRITAIN AT WAR.

The importance of an early decision as to the naval policy of Canada and the necessity for prompt action upon such decision is increased by a consideration of the effect upon Canada in case Great Britain should become involved in a war with any of the other powers. In a recent issue of the Round Table there appears a discussion of the effect which such a war would have on the overseas dominions of the Empire. Dealing with the enormously increased borrowings by the overseas dominions from the Mother Country, the article makes it clear that every country having commercial relations with Great Britain would suffer in the general welter and confusion which would result from a collapse of its credit in London. The closer the relation of the new dominion to the Mother Country and the greater its dependence upon British capital for its development the more intense must be the effect of such a struggle. While large investments of British capital are of great importance to all of the overseas dominions, they are the very life blood of Canada. A first class war would bring with it a great dislocation of trade, a great restriction of credit, and a great destruction of capital. Among the overseas dominions this would probably affect Canada most seriously, as Australia is somewhat less dependent on British capital than is our own Dominion.

It is pointed out that capital invested in a new and growing country is not invested to provide for the people already there. It is to make provision for those who are expected to come. Railways and roads are built, factories equipped, towns laid out and aid rendered to municipal corporations to give inducements to emigrants to move to the newer and more attractive fields. This leads to the employment of large contingents of working men and if the flow of capital is stagnated there must soon be a large number of these out of employment. And when there is no more work to do the influx of immigrants must cease.

It is interesting to note the preponderant position occupied by Canada when compared with the other overseas dominions in the matter of loans obtained from British sources. Entirely irrespective of the investments of private capital in various corporate enterprises, Great Britain has raised by way of public issues in London £143,000,000 for Canada during the last three years. The credits secured by Australia amounted to but £29,000,000, while New Zealand drew a little more than £7,000,000. South Africa stands higher than Australia with loans of £30,000,000. In the whole of the British Empire Great Britain has no less than £1,652,000,000 invested, of which sum Canada has borrowed £365,000,000 and Australia £391,000,000.

Not only has Great Britain afforded this mass of capital for the development of her overseas dominions, but she has provided it on terms more favorable than have been made to any other borrowing country. Sir Edgar Spryer has estimated that the saving in interest to the Dominion of Canada and the other dependencies totals no less than £10,000,000, which amounts in the end to a clear gift of that sum. To the detriment of her own consols Great Britain has added to the list of her Trustee Stocks about £550,000,000 of Colonial and Indian stocks, thus enabling the overseas dominions to raise money on much more favorable terms than would have been possible otherwise.

Having done all this the Round Table says it is clear that, even if no further motive actuated Canada, self-interest alone should lead the Dominion to strain every effort and spend every penny it is possible to afford in maintaining the supremacy of the British flag and the security of the Empire.

The two women "policemen" of Seattle have been dismissed, the reason being that they talked too much about the official business of the department. The old superstition that women constables are more talkative than male policemen will not now.

A PRACTICAL SUGGESTION.

Since the chief government spokesman confesses the incompetency of the McBride government to develop a land policy which will result in the settlement of the vacant, cultivable Crown lands and calls on opposition papers to outline a practical policy, the Times is willing to help. But not before making a correction of the misstatement of the Colonist with respect to this important matter. The Colonist says that if the government did outline a policy it would meet with opposition from the Liberal press. This is a wholly gratuitous assumption, and has the added quality of insult. The real difficulty is that any practical suggestions made by the opposition must, in the nature of the case, be such as would run counter to the entire policy established by the McBride administration. The Times has already made one suggestion at the request of the government organ and it has failed to give its endorsement. We shall now make another.

Let the government enforce its own laws and collect the money now due on land alienated to speculators whose credit the government is carrying until such time as they can sell the land in foreign countries and make payment of their delinquent obligations to the Crown. The sum of money due for land alienated since 1906 now amounts to nearly \$10,000,000, and not only is the treasury that much short but the land is held out of reach of settlers. If the government were to demand payment of this money it would not be forthcoming and nearly 5,000,000 acres of land would revert to the Crown. Some of this land is the best in the province, and when a government policy which will properly encourage the settlement of agricultural areas there will be that much good land to begin with. This is a reasonable suggestion, and it is both sound and righteous. Will the Colonist support it? We think not, but it has an opportunity to convince us that we are mistaken.

AT LOGGERSHEADS.

When the Laurier naval project was decided upon leading papers of both political parties in Great Britain conceded that the government had effected successfully the only compromise possible in deciding so important a question as that of Canada's share in Imperial defence. The compromise was understood to be between what the Admiralty desired—had Canada been able to meet its wishes—and what Canada could rightly perform in the initial stage of her Imperial defence responsibility. Now that the Laurier project has been abandoned it would appear that the Canadian Tory press is as much at loggerheads over the settlement of this question as Canada and Great Britain ever could be. As an instance of this character we quote an editorial criticism of the Montreal Star, which says:

"The Victoria Colonist thinks that Canada should take the leading part in the maintenance of British naval supremacy upon the Pacific ocean. Japan will soon have eight Dreadnoughts on the Pacific ocean. Britain has not one to-day. Australia will soon have a battle-cruiser there which will be the heaviest warship under our flag in those waters. Britain has no intention of sparing a solitary Dreadnought to back up this Australian cruiser. Indeed, she has just accepted the offer of New Zealand to station her battle-cruiser in the North Sea. Consequently, if Canada is to take a leading part in the maintenance of British naval supremacy upon the Pacific ocean, it will have to begin by building and stationing in British Columbian waters at least eight Dreadnoughts, and then supporting them with all the cruiser and torpedo-boat accompaniments of a fighting fleet. It will not only be compelled to take the leading part—it will have to do the whole thing. Instead of talking crude nonsense like this, why does not the Colonist follow the British example and rely on the Japanese alliance?"

The Big East and the Last West are, therefore, at daggers drawn, but the Last West has already announced its willingness to accept any policy Mr. Borden may outline. Perhaps the earliest way out of the difficulty would be for Borden to abandon the whole project. That has been his policy so far when difficulties presented themselves requiring firmness in their solution. It is even possible that all this "hammer and tongs" business in the Tory press has an object in view.

In about a year from now that interesting publication known as the "McBride Railway Map," which was so extensively used as a campaign poster in the last election campaign, will be greatly in demand. If we remember rightly the map shows a man boarding a "steel sleeping car" at the Grand Union depot on the Southern railway with a copy of the Victoria Daily Colonist sticking out of his pocket. He will go to sleep in Victoria and wake up in Montreal. He will cross the gulf on the Canadian Northern fast ferry, which will be the equal of anything of its kind in the world. All this will take place within two years and the happy hero of the circumstance will hand down pictures of himself boarding the sleeping car to future generations. The tunnel under Seymour Narrows will not be completed in time for the traveller to go by that route.

Berlin, Ont., has supplied a new definition of a Christian as one who does not buy or cream on Sunday. The Ottawa Citizen remarks that it might be said to be an ice distinction. Usually the differentiation has had to do with the other end of the thermometer.

Just as a sidelight on the reciprocity discussion it is worth noting that the nominator of LaFollette at the Chicago convention charged Taft with having "tried to sell off to Canada by his reciprocity deal." They have a few political shysters in the United States too.

One of the British visitors was alarmed at midnight last night by the puffing of an engine somewhere in the harbor. At first he thought it was one of the dredges working double shift to dredge the inner harbor, but investigation disclosed the fact that the dredges are not yet working double shift. It must have been something else.

George Fitch in one of his humorous essays says: "More people are watching moving pictures to-day than are watching chorus girls, which is a sign that the world is getting better. The picture melodrama is not a brain strengthener, but it is an improvement over the old ten, twenty, thirty variety because the audience cannot hear the remarks of the characters." In which sage remark there lies, embalmed a great moral.

It is, however, a mistake to attribute the recent decline in consols to Imperial policy, says the Montreal Herald. It was largely caused by an overflooding of the market, due to selling by several estates on the death of their former owners. The compulsion to sell came, it is said, from the demands made for death duties, and that has probably at least been a contributory cause. The result of this reduction by twenty-five million dollars should be to strengthen all government securities in the market.

The market value of fish and fish products harvested by Canadian fishermen in both sea and inland fisheries during the fiscal year ending March 31, 1912, amounted to \$29,165,433, of which the sea fisheries contributed \$26,122,596 and the inland fisheries \$3,042,837. There were employed 1,686 vessels and 38,977 boats. On shore in the various canneries and fish houses there were employed 24,978 persons.

What's this! What's this! Our good friend the American consul, whom we all sincerely admire as a fine type of American citizen, actually marshalling Sir Richard McBride and Hon. D. M. Eberts in a unit to do honor to independence day! But that is not all. Mr. Eberts, who previous to the 21st of September last wrapped himself in the Union Jack and ranted something about "having no truck or trade with the Yankees," actually boasting that numbers of his "sisters and his cousins and his aunts," not to mention male relatives, have "taken the oath of allegiance" to Uncle Sam! Incredible!

FATE OF A SAVAGE.

From T. P.'s Weekly.

Mr. A. Savage Lander, who has returned to civilization after some adventurous journey in the wilds, was the subject of one of the best journalistic "howlers" of recent times.

A telegram was handed into the office of a certain newspaper. The news editor opened it and read: "A Savage Lander captured in Tibet." It didn't read very sensibly, so he proceeded to make sense of it, and this is what appeared in next day's paper: "We are informed that a savage lander has been captured in the interior of Tibet. This ferocious animal has hitherto eluded the pursuit of all the keenest hunters, but has now fallen a trophy to the skill of some of our present unknown sportsmen."

THOROUGHLY FORGETFUL.

From the Montreal Star.

He was an absent-minded man who suddenly remembering that he had left his watch at home, put his hand to his watch pocket to see if he had time to return home to fetch it, and not finding it there, made straight for the police station and reported that his pocket had been picked.

A REAL HELPMATE.

From the Toronto Star.

It seems to be the duty of every married man to applaud the action of Mrs. Anquith, who, when the Suffragette tried to pull the epaulettes off her husband's shoulders, boxed the creature's ears.

A KING'S DRINK

"IT'S THE WATER"

Special July Sale Values That Will Make Saturday an Unusually Busy Day

Special Bargains in the Waist Department for Saturday Night at 7.30

75c AND 50c WILL BUY WAISTS THAT ARE WORTH \$1.25

AND mind you, \$1.25 was the July sale price, not the regular price, so you'll certainly get a bargain if you secure one of these. The sale starts at 7.30 p.m., and the values are so high that there is sure to be a tremendous demand, so don't be late or you'll be disappointed.

AT 75c—Plain Tailored Linnette Waists, with a box pleat down the centre, a patch pocket, and laundered collars and cuffs. That these are a wonderful bargain, all who see them will admit.

AT 50c there are Cross-bar Muslin Waists, made in the shirt style. They have a box pleat down the centre, and are trimmed with three wide tucks on either side. Have soft cuffs and laundered collar.

AT 50c there are some neat Waists in fancy prints that are just the style of garment that most women like for morning wear. They are in the plain tailored style and are just as good as they look, and that is saying a lot.

AT 50c two or three odd lines of Fancy Muslin Waists will go on sale. They are beautifully trimmed with embroidery and lace insertions, and are a value that will be appreciated by many.

Shoe Bargains For Women

THAN THAT OFFERED BY THE SPENCER JULY SALE

AND here are just two of the lines that may interest you. It doesn't require more than one look at the goods to convince even the most skeptical woman in town that there is more than her full money's worth in any of these lines.

\$3 BOOTS AND OXFORDS SELL AT \$1.95

This line includes both patent leather and patent leather pumps, also calf Oxfords and kid Blucher boots. All are American lasts of the latest pattern, are well finished and have solid leather soles and heels. They are a quality that we recommend, and all sizes are to be had. There is a variety of shapes to choose from and although they are built for service they are sufficiently dressy for street wear.

\$2.95 BUYS A BOOT THAT IS WORTH \$4.50

Several hundred pairs are to be sold at this price, and every pair is a dependable quality. The line embraces practically every style that is popular this season, especially in the lines that are intended to be worn on the street.

There's lots of button boots in tan calf, patent leather, gun metal, and glazed kid, etc., but we have lace models if you prefer them. Choosing a pair that will please you should be an easy matter.

Men's \$5 "Goodyear" Welting Boots For \$3.45

All are strictly high grade shoes that we can recommend with the uttermost confidence. All are Goodyear welted and this means that your comfort is insured. A Goodyear welt makes the sole as flexible as it is possible to have them, and gives the wearer much of that tired feeling that is the result of stiff soled shoes. The inside of the sole is perfectly smooth, neither rivets, or stitching penetrating the first sole. Try a pair and you'll never want any other kind.

MEN'S OXFORDS are to be had in patent leathers, tan Russia calf, gun metal calf, velour calf, etc., and there's lots of different lasts to choose from. Your size is here so you can benefit by this offer. Per pair, from \$3.45

BOX CALF BLUCHERS, leather lined, heavy or light weight soles, and finished with Goodyear welts. Stylish in appearance, and so durable that they will please the most exacting man in town. Regular \$5 values marked down to \$3.45

OTHER GOOD LINES—Here are Blucher cut boots in fine velour calf, viad kid, and tan Russia calf. They are as dressy as most men like a boot to be, and every pair is a grade that we are confident will please. Regular \$5 values to go at \$3.45

Children's Dresses In Sizes From 6 to 14

VALUES TO \$2 GO AT 95c—SATURDAY AT 7.30 P. M.

Here's a fine assortment of Print Dresses, in both light and dark colors, also crashes and chambrays. Round, square and V shaped necks are represented, but there are so many different styles that a detailed description is out of the question.

Another fine line in sizes for girls 2 to 8 years old are here in prints, hollandas, ginghams and muslins. Buster Brown, Mother Hubbard, and French styles are the chief lines represented, but there are many other styles represented. They are trimmed with pipings and dashes of materials of contrasting colors, and both long and short waisted effects are to be had. Only 20 dozen to be sold at this price.

BARGAINS FOR SATURDAY NIGHT AT 7.30

Special Items From the Staple Department

ITEM 1—Grey Blankets, an excellent wearing quality, suitable for three-quarter beds. Only 50 pairs in this lot. Of course you'll have to see the goods to fully appreciate their value. Per pair \$2.50

ITEM 2—White Wool Blankets, well finished, with a nice, soft nap and a quality that will serve you well. Per pair \$3.00

ITEM NO. 3—Honeycomb Quilts, fringed all round, and a snowy white. They are our regular \$2 value and will be sold to-morrow at \$1.50

ITEM NO. 4—Unbleached Sheet, 2 yards wide, and entirely free from dressing. There's 200 yards to be sold, and they are our regular 25c value. To-morrow's special price 15c

ITEM NO. 5—White Cotton, 26 inches wide and fully bleached. It is a closely woven material that will please you. Per yard to-morrow 5c

ITEM NO. 6—Linen Roller Towelling, 18 inches wide and an excellent quality. Fine for drying glasses. Only 200 yards to be sold at, per yard 5c

ITEM NO. 7—20 dozen Napkins. They are a good size and are hemmed ready for use. Many attractive designs to choose from. Per dozen \$1.00

ITEM NO. 8—Damask Table Cloth, size 24x36, and an excellent quality. To-morrow's special price at the price. Special price to-morrow \$1.00

ITEM NO. 9—Bleached and Unbleached Table Damask, 36 inches wide, and a nice satin finish. Per yard to-morrow 45c

Morning Hours Will be Busy in the Women's Glove Department Saturday

HERE'S some sensational reductions, and the best of it is that every pair of the gloves that we are offering are a standard quality taken from our regular stock. You can depend on them giving full satisfaction.

WOMEN'S LISLE THREAD GLOVES in cream, lilac, rose, navy, and sage-blue. They are 2-clasp length, and our regular 50c values. To-morrow morning's special 15c

LISLE THREAD GLOVES FOR CHILDREN—Colors white, tan and grey. Regular 25c values are to be sold to-morrow morning at 15c

REAL CHAMOIS GLOVES in white and natural. They are two-clasp length and are our regular \$1.00 line. To-morrow's special 75c

REAL CHAMOIS GLOVES FOR WOMEN—They are 12-button length and are to be had in white or natural. The regular price was really too low in the first place, so we can't make it much lower. Regular \$1.75 value for \$1.50

CHAMOIS GLOVES FOR MISSES—Sizes from 3 to 4, and they come in natural only. They are a line that are a bargain at 75c, but at this price there should be some rapid selling. To-morrow 50c

WOMEN'S SUEDE GLOVES—These are to be had in beaver and grey. They are two-clasp length and are our regular \$1.25 value. To-morrow's special 75c

Saturday Specials for Men and Boys

MEN'S FURNISHING DEPARTMENT

HERE are two lines that should prove of special interest to men and boys, and if a high quality and a low price combined will please you there should be some rapid selling in this department on Saturday morning. One line is Men's Underwear and the other is strong Shirts for boys. Here are the particulars:

BALBRIGGAN SHIRTS AND DRAWERS—These are a summer weight garment, and are to be had in all sizes. We sell this grade regularly at 50c a garment, and they are excellent values at that. On Saturday morning we will sell this line at, per garment 25c

OUTING OR CAMPING SHIRTS for boys. Just the style of garment for the holidays and other occasions, such as picnics. They are made of finely striped

Ginghams, black satin, light fancy outing flannels; also plain blue and grey flannels. They are finished with a turndown collar and soft cuff band, and are to be had in all sizes to 14 at the neck. Special for Saturday morning 50c

Muslin Underwear—Prices and Styles That Most Women Will Appreciate

IT is quite true that, even with the prices cut down for the July sale, these garments are a little more expensive than the average, still they are worth far more than we are asking for them.

DAINTY UNDERSHIRTS, made of a fine hainsook, have an 18-inch flounce of muslin and lace insertion that is finished with a five-inch frill of lace. July sale price, per garment \$5.75

UNDERSHIRTS, made of fine muslin. These are finished with a deep flounce of tucked lawn and lace insertion, and are beautifully finished with a frill of lace. July sale price, per garment \$3.50

PRINCESS SLIPS made of a fine cambric. It has a 12-inch flounce of lawn trimmed with two rows of two-inch lace insertion, and is finished with a frill of lace. July sale price \$3.00

PRINCESS SLIPS made of a fine mull. The flounce is made of embroidery and is finished with ribbon. The yoke is made of lace insertion and is beautifully finished with beadings and ribbons. This is a garment that is hard to equal at anything like this price. July sale price \$2.25

Sun Hats for Children

If it is any kind of a hat, it should be worth far more than 12½c, but when you can get a quality such as this lot represents it is a bargain that is worth shopping early to get.

The Children's Sun Bonnets are made of embroidered muslins and are daintily trimmed with lace. Of course, the beach hats are just plain straw shapes. All one price on Saturday—12½c.

Popular Reprints

REG. 60c EACH—SATURDAY 50c EACH

Full line goes on sale; no titles will be kept back, thousands to choose from. We give a list of a few of the titles below: Barrier, Spillers, Silver Hoards, by Rex Beach; Betwixt Vagabond, Morals of Marcus Ordway, Idols, Derelicts, Septimus, Where Love Is, by W. J. Locke; Grey Cloak, Hearts and Masks, Man on the Box, Goose Girl, by Harold McGrath Compton; Crossing, by Winston Churchill; Blue Lagoon, Crimson Avelas, by H. De Vere Stackpole; Bella Donna, Call of the Blood, by Robt. Hichins; Blazed Trail, Silent Flares, by Raymond Chandler; Stewart E. White; Plum Tree, Old Wives for New, White Magic, Joshua, Craig, Second Generation, by David Graham Phillips; White Sister, by Marian Crawford; Master's Violin, by Myrtle Reed.

NEWS OF SPORT

WORST CASE OF ROBBERY IN THE AMERICAN RING

Wolgast Retains Lightweight Title By Questionable Means—Referee Picked Champion Off Mat and Declared Him Winner

From all accounts, which should be absolutely unbiased, the worst case of robbery that has ever occurred in the American ring took place at Vernon, Los Angeles, yesterday afternoon. Joe Rivers, the Mexican lightweight, clearly earned a victory over Ad Wolgast, the champion, but was beaten out of it by the referee for reasons that shouldn't be hard to find. Of the twelve rounds finished Rivers easily outfought Wolgast in six, three were even and in three the champion had a shade. Wolgast saw that he was beaten, and in the thirteenth, according to everyone, with the exception of Referee Welsh, who has expressed an opinion, he hit Rivers a foul blow on the groin. At the same instant Rivers put his right to Ad's jaw and the title holder went down. Rivers also fell, writhing in pain. Disregarding all claims of foul on the part of Rivers' supporters, the referee picked Wolgast up and declared him the winner. He then vanished. Afterwards in his dressing room Rivers showed a dented aluminum protector to show that he had been fouled. The queerest part of it all is that Wolgast, the winner, had to be carried from the ring. Welsh said before leaving the scene of the fight that all bets went, and the betting commissioners declared that the "payment" of bets would be made according to the statement of the referee. Every seat in the big arena was occupied, and the gate receipts were \$41,465.

The Fight.
At 2:45 Wolgast climbed into the ring amid a great cheer. He went to his corner, a coin was tossed for corners and Wolgast won, choosing the southwest corner with the sun at his back. Ten minutes were devoted to introducing aspiring pugilists, while Rivers and Wolgast wandered around the ring chatting with friends. Wolgast wore his old ring shoes and the gaily flowered, but faded old dressing gown which he wore in the ring on the day he beat Nelson.

Rivers honored the occasion by a new fighting outfit—shoes, trunks and bathrobe.

After the preliminaries, the moving picture men got their cameras in the ring and rolls of film were reeled off while the championship battles went through a pose. The championship belt put up by McCarrey for the winner was brought into the ring in its plush case. Its gleaming clasp flashed at the crowd and a yell went up, "McCarrey, McCarrey."

McCarrey entered the ring and started a speech, but the cheers drowned his voice and he stopped short. Rivers was first to enter the ring, climbing through the ropes at 3:24 p.m. A great roar greeted his appearance.

"There will be a new champion in an hour or so," he remarked.

The Boys Strip.
When the boys stripped Wolgast showed a bandage under his American flag belt. It was to be a protector over the wound made by the surgeon's knife. Time called at 3:42 p.m.

Round One.
Rivers led and they clinched. Rivers landed three lefts to the face in quick succession and Wolgast covered up. Rivers was much fresher, and his blocking was better than the champion's. In a clinch Rivers sent in three stiff rights, jarring Wolgast. It was Rivers' round.

Round Two.
Rivers opened a deep gash in Wolgast's neck. The blood spurted in a stream. Rivers poked Ad ten times without return, and then put stiff left to the stomach. Rivers put a stiff right to Wolgast's nose, starting a new flow of blood. Wolgast fell short and Rivers never missed once. It was Rivers' round.

Round Three.
Wolgast took a stiff left in the stomach and head to head they exchanged fearful rights and lefts. Wolgast missed a right swing and Rivers slipped in another left to wind. They fought like two tigers. Ad broke from a clinch and covered. Both were covered with blood. In a clinch Rivers opened the wound in Wolgast's neck. Round even.

Round Four.
"They clinched" and Rivers sent Ad's head back with a right. Wolgast clinched but could not land at close work. Again Rivers rocked Wolgast but the champion bored in. Ad found much difficulty in hitting Rivers. Wolgast was wild. Again he missed and the Mexican put in left and right to wind. It was Rivers' round.

Round Five.
They went into a clinch, with both head on. Wolgast put right left to jaw and missed a right in a neutral corner. Rivers put left and right to wind and received back a light right to the jaw. Then they stood in the middle of the ring looking at each other. They clinched and Rivers nearly upset Ad with a right to the jaw. The round was even.

Round Six.
They clinched. Wolgast missed and was nearly upset again. Then Rivers put stiff left to the wind. Another right to the jaw rocked Ad, but he bored in. His judgment of distance was poor. In a clinch Rivers put right to jaw and Ad went down. He was up in an instant and they fought like

tigers head to head. It was Rivers' round by a big lead.

Round Seven.

Both were cautious. In a clinch Rivers backed the champion to the ropes. Wolgast then sent in left and rights to the wind. Rivers covering up. In the breakaway both landed light lefts. Rivers then jared Wolgast and the champion was wild, hitting low. Both seemed tired and clinched. Wolgast again hit low. It was Rivers' round.

Round Eight.

Wolgast tried with his right and left but missed both. Ad suddenly rushed and put lefts and rights to the wind, chasing Rivers around the ring. Both seemed content to go it at long range. Both were very tired and slowed down considerably. The round was slightly Wolgast's.

Round Nine.

After a clinch Rivers got in a light left to stomach. Wolgast began to crouch to protect his stomach. Rivers seemed to be resting as he kept away. It was the tamest round of the fight. Wolgast rushed suddenly and put a stiff left to stomach, making Rivers wince. Wolgast had a shade.

Round Ten.

Wolgast rushed and Rivers blocked, making the champion miss a left. In a clinch Ad made Rivers cover with swings to the jaw. Rivers suddenly jumped in and put a hard right over Ad's kidneys and clinched, taking nothing in return. Head to head, they exchanged fearful body smashes and were clinched at the bell. Wolgast by a shade.

Round Eleven.

Wolgast missed left to ribs and Rivers hit him three times without return. Then Rivers put a hard left to jaw. Both slipped and nearly rolled out of the ring. Rivers seemed to force the fighting. Wolgast could not hit him hard and clinched. Rivers then stood still and let Wolgast come in with lefts and rights to the jaw but never wined. He then sent in a hard left, staggering the champion. Wolgast's smile had disappeared and he looked very tired. Round even.

Round Twelve.

Wolgast got in a right to the wind, rushing Rivers to the ropes. Wolgast then tried hard to land on the wind but could not get through Rivers' blocking. Time and again the champion missed. Rivers not attempting to follow up his advantage. Both rushed and head to head, it was an exhibition of fearful blows. Rivers having the advantage. It was Rivers' round.

Round Thirteen.

Rivers rushed. They clinched, both holding on until Ad nearly went over from a right to the jaw, but bored right in, putting left to wind. "Take your time, Joe," shouted Manager Levy to Rivers. "You've got him."

The Dirty Work.

Twice Ad missed, Rivers putting in lefts to the face. Ad was getting wilder than ever but Rivers kept away. Both boys were fighting head to head. Wolgast suddenly crouched and sent in a terrific left directly over Rivers' groin. At the same instant Rivers put his right to Wolgast's jaw and the champion went down and was practically out. Rivers fell, writhing in pain and Referee Welch began to count. Claims of foul were made in both Rivers' and Wolgast's behalf but were not heeded by Welch. Turning, the referee picked Ad up from the floor and declared him the winner. His seconds had to carry him from the ring. Rivers was still lying on the floor, but in a moment arose unaided. The ring was instantly in a semi-riot. Welch, seeing the crowd clamoring announced that Wolgast was the winner and immediately disappeared.

"It was the worst case of robbery in the history of the American ring," said Manager Joe Levy. "Never before have I seen a referee pick up a man and then give him the decision. The foul blow struck by Wolgast was seen by everybody about the ring. It was the fourth or fifth foul the champion had landed on Joe. The sum total of it all was that Wolgast knew he was whipped and resorted to his foul tactics to save himself."

No one connected with Wolgast's camp would say a word and all of them jumped in an automobile and quickly left the pavilion.

**SMALL CROWD CALLS
HALT TO RACING**

**Double-Header Will Be Run
To-morrow When Large Attendance Is Expected**

Owing to the exceedingly small attendance only the first event of the Pacific Northwest racing circuit's programme was run at the Willow's track yesterday afternoon. It was announced by the officials that tickets for Saturday's races would be given for the present. This was considered fair enough and the racing programme that occupied the grandstand and

OFFICE

lined the fences watched with interest the performance of the four pacers entered in the first event, the 2:30 pace. Three heats were run, the winner being San Jacinto, owned by J. McGuire, of Seattle. First-class time was made, that of the second heat, 2:19 1-4, being the best.

It is the intention of the Vancouver Amateur Driving Association, which was instrumental in the formation of the circuit and which is leaving nothing possible undone to make it successful, to put off a double-header on Saturday. That is, the part of yesterday's programme which was not run off will be added to Saturday's. Thus besides the races set for to-morrow there will be the 2:40 trot, the 2:15 pace and the three-year-old events.

The races will start sharply at 2:30 o'clock. The Fifth Regiment band will be in attendance.

Yesterday's detailed results follow: First heat—San Jacinto, owner J. McGuire, Seattle; 2. St. Elmo, owner G. H. Gelson, Walla Walla, Wash.; 3. Miss Isador Rush, owner J. C. Irvine, Boise, Idaho; 4. Lou Bird, owner G. H. Wilson, Victoria.

Second heat—Miss Isador Rush; 2. St. Elmo; 3. San Jacinto; 4. Hazel Wilkin.

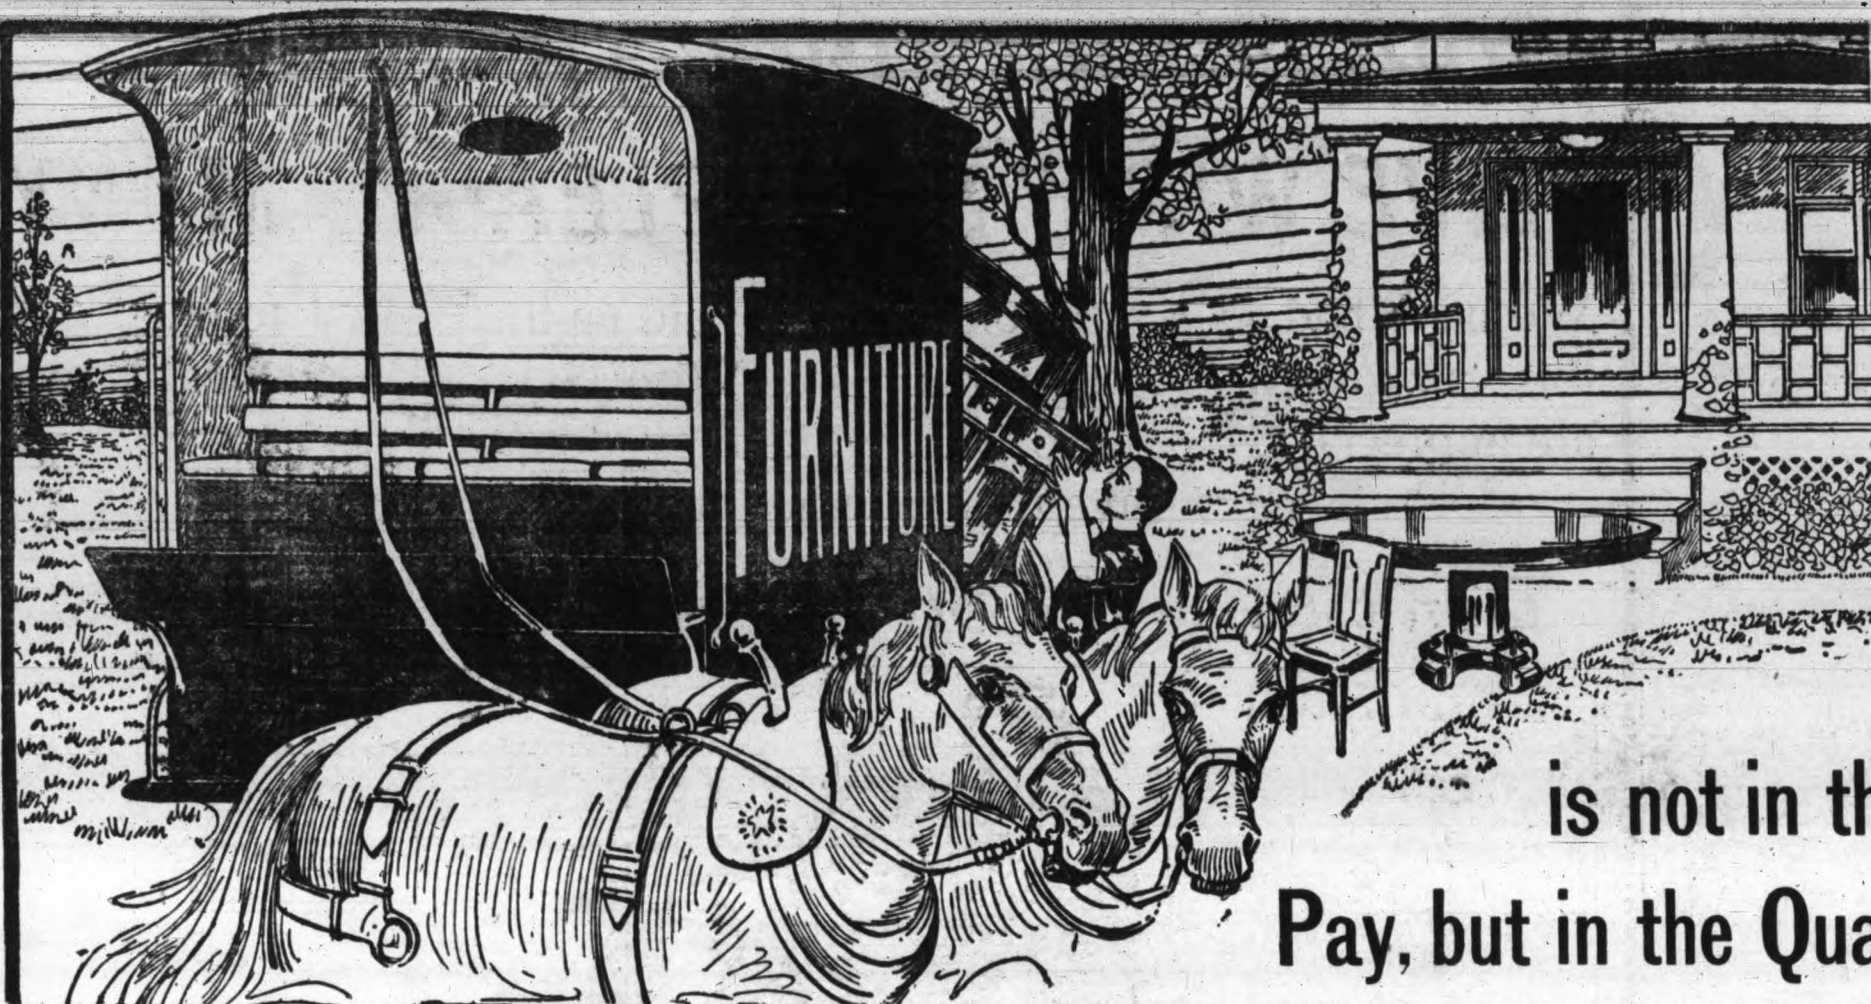

Third heat—San Jacinto; 2. St. Elmo; 3. Miss Isador Rush; 4. Hazel Wilkin.

Fourth heat—Miss Isador Rush; 2. St. Elmo; 3. San Jacinto; 4. Hazel Wilkin.

Fifth heat—Miss Isador Rush; 2. St. Elmo; 3. San Jacinto; 4. Hazel Wilkin.

FRANK MORAN WINS.
El Paso, Tex., July 5.—Frank Moran, the New York heavy-weight, received the decision over Dave Miller, a negro fighter, of Oakland, Cal., last night in the eighth round at the Juarez bull-ring. Miller's seconds threw up the sponge as Miller had broken his right thumb in the second round. Tommy Ryan refereed.

(Additional Sport on Page 9.)

**THE
VALUE
OF
THINGS
You Buy
is not in the Price you
Pay, but in the Quality you Get**

The best goods for the complete furnishing of your home, reasonably priced at OUR store. Jewellery in New Designs for Fastidious People

We have opened a new shipment of 14-karat novelties of the sort handled in Victoria by us exclusively. There are pendants with neck chains, la valiere, necklets, brooches, plaques and other useful and beautiful pieces.

This jewellery is most uncommon and represents a very high standard of workmanship. The die work shown is especially good and the general effects are excellent.

The combinations are made up of semi-precious stones with pearls and with amethysts, topazes, peridots, aquamarines and corneolians. In the latter there are scarf pins, also.

Many of our friends have not yet paid us a visit in our new store. We have become fairly settled now and you will be delighted with the beautiful new place. WHY NOT MAKE THIS DISPLAY OF NEW JEWELLERY YOUR EXCUSE AND COME NOW?

Mr. and Mrs. H. S. Elliott, of Vancouver, arrived in the city yesterday, and are guests at the Empress.

James Sayers, of Glasgow, arrived yesterday in the city by the afternoon boat, and is a guest at the Empress.

Three visitors from Newcastle, Pa., who are registered at the Empress are Jacob Cosel, D. W. Hutton and F. E. Gosby.

Geo. H. Suckling, of Harmony Hall, returned yesterday from Edmonton after a month's holiday in the Northwest. He is registered at the Empress hotel.

Miss Cassie Melhuish, of Brandon, Manitoba, is visiting at the home of her aunt, Mrs. S. Sproul, 2614 Roseberry avenue.

Mr. Edward Smith has been appointed temporarily by the department of agriculture to make investigations and experiments in the pre-cooling and storage of fruit and its transportation and is proceeding at once to Summerland to study the conditions there. Mr. Smith received his training under Professor Eustice in the department of agriculture in the Michigan Agricultural college at East Lansing.

Professor W. T. MacDonald, the new live stock commissioner for the province, has commenced his duties at the department of agriculture, and begun investigations into the conditions that prevail in the different parts of British Columbia. Mr. MacDonald has been for some years the professor of Animal Husbandry at Pullman college, and was in charge of the organizing and administration of the farmers' institutes of the State of Washington.

A pretty wedding took place at St. John's church on Wednesday, the contracting parties being Miss Ethel Nora Kirkham, of Victoria, and Mr. Thomas McCall, of Vancouver. Rev. Stanley Ard officiated. The bride was given away by her brother, Mr. Thos. Kirkham, and she was attended by Miss Ruth Kirkham (sister), as bridesmaid.

Mr. N. W. Williamson undertook the duties of best man. A reception was afterwards held at 325 Caledonia avenue, the residence of Mr. and Mrs. J. D. Bryant (uncle and aunt of the bride), and later on the happy couple left by the night boat for Vancouver en route for the Coast, where the honeymoon will be spent. The presents were costly and numerous.

A marriage that will interest a great many here is that of Mr. G. Fred Baird, B. Sc., son of Senator and Mrs. G. T. Baird, of Ansover, N. B., and brother of Mrs. M. A. MacDonald, of Vancouver, to Miss Edith Edgewood, of Fredericton, N. B., which took place at the home of the bride's mother on June 28. It was one of the most brilliant society weddings that have taken place at the New Brunswick capital this summer. The ceremony was performed by Rev. Neil McLaughlin. The bride, who was given away by her uncle, Mr. Fred B. Edgewood, was gowned in white satin and Duchesse lace, with bridal veil and orange blossoms, and carried a bouquet of lilies. The matron of honor, Mrs. J. Alex. Thompson, wore a quaint gown of white satin, veiled with pink tulle, and the bridesmaid, Miss Louise Edgewood, wore blue tulle over satin, and pike bonnet. Both carried baskets of roses. Miss Myra Sherman played the Wedding March, and Miss Nan Thompson and Miss Mary Gibson sang the bridal chorus. Mr. A. H. Baird, brother of the groom, acted as groomsmen.

The Evening

Chit-Chat

By Ruth Cameron

Have you an open mind?

Or do you shut up your convictions and your opinions in a strong box of prejudice in the very centre of your being where they will not be subject to any danger of change or modification?

At an interesting lecture at which two speakers discussed the opposite sides of a question of the day, one of the speakers began: "When you asked me to speak to you on this matter I said to her: 'If it is one of those gatherings where every one comes with his mind made up on the opposite side? Or will there be some open-minded people there who will be interested in what I say for what it's worth and not merely for the purpose of confuting it? Because unless there are, I don't see any real sense in my coming.'"

After the lecture one of the women in the audience stepped up to this speaker and said: "You have convinced me. I've heard several discussions on that subject, but I had my mind all made up before I heard them and I listened in that mood. What you said about being open-minded woke me up. I tried to be and I saw your side."

It seems to me that a good many people go through life with their minds made up. They will listen to arguments, but never with any intention of being convinced simply for the sake of refusing them. For some unknown reason, they seem to think it would be a disgrace to change their mind.

What a queer point of view!

As a matter of fact, change of opinion is a sign of growth. Someone has wisely said, "He who has never changed his opinion is a fool." The man who is thinking, reading, studying, living and growing the most is likely to be the man who changes his opinion the most often.

"Do I contradict myself?" says Walt Whitman serenely in answer to a charge that he changed his opinion on something. "Well, then, I contradict myself."

Consistency is not a jewel at all. It is only the bit of paste that the fool takes for a precious stone.

If you care more for your prejudices and opinions than you do for the truth, you'll do well to go about with your mind made up. Otherwise not.

INVITATION TO AUSTRALIAN TEAM

CRACK ELEVEN ASKED
TO PLAY IN B. C.

Australia's Representatives
Will Give Exhibition Here
If Guaranteed Enough

It is more than probable that Victorians will have a chance of seeing the famous Australian test match eleven in action, as an effort is now being made to induce them to give an exhibition game in British Columbia while on their way back to Australia. It is stated that one of the Vancouver ricketers, while in England recently, approached one of the executive of the Australian team in order to put before him a suggestion that a match should be played in this province. It was stated that this could be accomplished if the club were guaranteed a sum of \$250.

C. A. L. Payne, secretary of the Vancouver Cricket Club, has been in communication over the matter with Crawford Coates, secretary of the local ricketer organization. Mr. Payne suggested that the match be played in Victoria, as the climate here is more dependable at that time of the year than on the mainland.

The match will possibly take place about October 20, and a representative team will in all probability be chosen to meet the crack eleven. It would be difficult to overstate the significance of such a meeting to the great summer game as played in British Columbia. The Australians are known throughout the world as the keenest lovers and most skillful exponents of the game, and it is hoped that every effort will be put forward to raise the necessary amount to guarantee their presence in this province.

FINANCIAL NOTES.

Using Bradstreet's figures for North America, the total world's shipments will be about 12,000,000, against 12,818,000 last week and 13,418,000 last year. Bradstreet's estimates: Wheat, 3,000,000; corn, 2,000,000.

RUST SPEAKS OUT ABOUT SEWER WORK

COSTS SYSTEM FOR
FOREMEN TO STUDY

Urges Sewer Work by Contract
—Will Make Further Cut
in Wage Bills

No cost system, too many blacksmiths, too many incompetent foremen who are unable to figure costs of their work, more rock below the surface of the streets than was expected, and the fact that the city went into its large schemes of paving and sewerage without having definite plans of the undertakings, were given this morning by Engineer C. H. Rust as the cause of the trouble created in civic affairs and the large hole in the sewer loan by-law of \$450,000. Mr. Rust spoke freely, his statement amounting to a criticism of the manner in which the works had been undertaken.

Having suggested the reasons of the trouble the engineer outlined the cure, advocating that street and sewer work should be done by contract, that a cost system which he was preparing was to be installed, and announcing a further reduction in operating expenses which would save from \$800 to \$900 per month. Working expenses have been cut since Engineer Rust took office by \$800 per month, and in this connection he said this morning that when he went into the office foremen were falling over each other.

"They were in each other's way," said the engineer, "there were too many of them and they couldn't get results. I have already cut down \$500 per month and I am going to cut down more; then we will get better work and a system. I went to a foreman the other day and asked him what his excavation cost. He did not know. I asked him detailed costs on other parts of the construction he was engaged on. He did not know. He should have known."

Engineer Rust proposes to have every part of the engineering office systematized on a cost basis. He will systematize each different class of work, and will systematize each allotment of work. The foremen themselves will be systematized, and their costs sheets will be compared. The work entrusted to foremen will then be established on a competitive basis between them, and the foreman who drops behind will have to show the reason why. Engineer Rust does not believe that city work should be more costly than that of private corporations, and he is calling on the foremen of the city to deliver profitable results to the city. In fact, he is engaged with his assistant in placing the office on a business basis. Foremen who cannot come up to time will be discharged.

A further check on engineering expenditure is wanted by the city engineer who advocates competitive bids for all street work from private contractors. Against these the city will also put in a day labor bid, and if the contractor's price saves money for the city the engineer will advise the city to accept it. The plan, he says, will show the city, by comparison, what the cost of the work should be. "It will strongly recommend this competitive contract plan to the council," said the engineer. "The work is costing a tremendous amount of money owing to so much rock work being necessary. The Craigdarroch sewerage has cost more than anticipated, and there may have been a mistake in the estimates owing to the unforeseen rock. The work was rushed into without

definite plans. There were five contractors purchased for the city rock work and two of them are now out of business. I do not know why, but we are going to find out."

Referring again to the cost system, the engineer said no one at present knew what anything cost. Since he commenced the department had spent \$55,000, and the city engineer's book gave \$20,000 expenditure for the time previous to Mr. Rust's joining the department. These figures did not agree with those issued by the comptroller.

"There have been many sewers laid in streets where the Canadian Mineral Rubber Company has paved," he said. "This had to be done before the paving could be started, and the expense has probably been greater than was anticipated. Superintendence and outside construction costs can be cut down, and I am looking off some of the wage bill."

"Too Many Cooks."

Although Alderman Stewart this morning hinted that Alderman Humber might throw some light on a statement that on Douglas street where there was a gang of four men working on rock work, one man was holding a drill, another was striking with a hammer, and two blacksmiths were engaged sharpening drills for the work, Alderman Humber referred to the matter in tones of disgust yesterday afternoon, saying the blacksmiths were paid \$7 per day, and stamping it as extravagance. When this was told, Alderman Stewart this morning said: "That's all right, but Ald. Humber professes to know nothing about it. Why, he is chairman of that committee that put the sewer men to work."

As a matter of fact blacksmiths are not receiving \$7 per day.

INLAND REVENUE IS \$10,725.87 AHEAD

Statistical Return for First Six
Months of Three Years
Shows Steady Increase

An advance of \$10,725.87 is shown in the inland revenue returns for the first six months of the year over the first six months of 1911. The main portion of the June income of the department was from spirits. The return as issued by the department to-day is as follows:

	1910.	1911.	1912.
January	16,111.40	18,127.72	21,728.42
February	15,565.96	19,505.69	16,124.36
March	21,614.32	16,547.59	21,528.30
April	23,435.52	17,907.15	21,996.31
May	17,622.28	21,702.12	24,648.83
June	20,913.13	22,623.94	21,094.42
Totals	\$114,583.00	\$116,473.31	\$127,199.18

The different duties paid in June totaling \$21,094.42 were accounted for as follows:

Spirits	\$12,335.87
Malt	5,719.19
Malt liquor	815.12
Manufactured tobacco	138.00
Raw leaf tobacco	1,437.24
Cigars	423.80
Methylated spirits	223.12
Other receipts	1.08

MILITIA GUARDS DOCKS.

Officers of French Steamers Join Striking Seamen and Dockers. Marseilles, July 5.—The officers of the French Line steamships to-day decided to join the striking seamen and dockers. This completely paralyzes the mail service of the company in the Mediterranean. Additional destroyers are to be used to carry the mail. All the docks here are guarded by the militia.

Bordeaux, France, July 5.—The strike of the dock workers here in sympathy with the seamen at other ports took a serious turn to-day. A fight took place to-day between policemen and strikers on the arrival of the steamship Magellan from South Africa in which several policemen were hurt.

AMATEUR SOCCER MEN MEET IN WINNIPEG

Local Representatives Invited to Formal Organization of Football Association

A meeting of representatives of all the amateur football associations of Canada for the formal organization of the Dominion of Canada Football Association will be held at Winnipeg next Tuesday and coast leagues are invited to send representatives. The new association will have control of the handsome trophy, which will be put up for permanent competition by H. R.

F. SCHNOTER, VICTORIA, B.C.

H. the Duke of Connaught. Temporary officers for the association were selected at a meeting held in Toronto recently.

A letter from Tom Robertson, of Toronto, the present secretary of the association, states that he has tried in vain to locate the British Columbia soccer authorities, but would like to get in touch with them and inform them as to the coming meeting. At this meeting the pro tem officers will vacate their chairs. New ones will be elected. The constitution will be more fully gone into. Each province is to be allowed two votes.

It is important that British Columbia people be represented as it is desirable that all provinces give their views in the drawing up of the Connaught Cup rules, but owing to the late notice it is almost impossible for anyone to go from Victoria.

AMERICAN WINS

CLAY BIRD SHOOTING

J. R. Graham Makes 98 Out of 100 at Olympic Games

Stockholm, July 5.—J. R. Graham, Chicago A. A., representing the United States in the shooting competitions at the Olympic games yesterday, won the first prize, a gold Olympic medal, in the international individual contest at clay bird shooting with 98 birds out of a possible 100. Goelden, of Germany, won the second prize, a silver Olympic medal, with 94, and Blas, of Russia, the third prize, an Olympic medal of bronze, with 91.

COMMISSION MAKES BASEBALL RULING

Transferred Player Refusing to Report Shall Be Instantly Suspended

Cincinnati, Ohio, July 4.—The national baseball commission announced the following notice to all national agreement clubs:

"To establish uniformity in action by clubs when a player released by a major league club to a minor league club or by a minor league club to a major league club, refuses to report to and contract with the club to which he is transferred, the commission directs that club to protect both parties to the deal from responsibility for his salary during his insubordination, by promptly suspending him.

"Paying in part or in whole of the consideration for the release of such player will not be enforced until he is reinstated and actually enters the service of the purchase club."

JOE THOMAS BEATEN.

Terre Haute, Ind., July 5.—Joe Thomas, of California, was almost knocked out by Jack Dillon, of Indianapolis, in the eighth round of a scheduled ten round bout here last night. Thomas went through the ropes in the seventh and in the eighth took the count of nine. Referee McLaughlin stopped the fight.

LOVE TIE BREAKS RECORD

Fort Erie, Ont., July 5.—Love Tie, Mrs. T. A. Livingston's five-year-old horse, beat the Canadian record for a mile and seventy yards, and captured the Fourth of July handicap, the feature race of the holiday programme provided at Fort Erie this afternoon.

Love Tie, carrying 128 pounds and ridden by Schuttiger, made all the pace and the time was 1:42, which equals the American record.

He Rang Up 3712.—And he ordered some of those handy adjustable window screens to keep out the flies and their kind. 11 sizes of screens to fit windows up to 66 inches. Ring up 3712. That is R. A. Brown & Co.'s number, 1302 Douglas Street.

Notice to Contractors

Tenders will be received at the office of the undersigned, on or before 5 p. m., Friday, July 13th, 1912, for the erection and completion of a solid brick store and apartment building on the corner of Douglas and Bay streets, Victoria, for Andrew Wright, Esq. The lowest or any tender not necessarily accepted.

THE BRITISH CAPITALISTS

ARE GUESTS OF THE CITY

**They Motored About Place Yesterday Afternoon
and Banquetted in the Evening—An
Enjoyable Function**

The large party of British capitalists of industry arrived in this city yesterday afternoon and were warmly welcomed by representatives of the Board of Trade, the Real Estate Exchange, and by prominent citizens headed by Mayor Beckwith. The party, which numbers about sixty in all, were taken for a tour of the city and its environs immediately on arrival. They went by way of the marine drive to Esquimalt, and as the weather conditions were almost ideal and helped to give the proper setting to the scenes through which they passed, the visitors were naturally delighted with their excursion.

"We are delighted with everything we have seen," said John Davies last evening. "And we are beginning to realize the stupendous resources of the Dominion. Our progress across the country has been in the nature of a triumphal procession, and we have been feted with great hospitality everywhere."

Mr. Davies went on to say that he had been very much struck with the beauty of Ottawa and of all the cities they had passed on the way. He was surprised and delighted with the appearance of Victoria also, and was especially impressed by the approach on entering the harbor. Asked as to what he considered was the cause of the great industrial upheavals which had recently been experienced in Great Britain, Mr. Davies was very emphatic. "The cause," he said, "lay in the fact that two or three men were endeavoring to achieve notoriety and personal aggrandizement by inducing the industrial strength of the country to rebel."

"You have, no doubt, heard of the syndicalism, as it is called," added Mr. Davies, "to which these strikes have been attributed. This is a species of anarchy, and has been promulgated by the very men whom I previously mentioned."

John Stirling, who has control of large financial interests in the city of London also expresses his pleasure with what they had seen. He mentioned that he was going to spend today in Duncan and would, therefore, not accompany the party on their trip to the logging camps. They were naturally very tired, but immensely happy at the reception they had met with.

The Banquet.

At eight o'clock last evening the party were banquetted in the Empress hotel dining-room. Mayor Beckwith presided and on his right were W. Leonard Palmer and Hon. W. R. Ross, minister of lands, while on his left were Sir Richard McBride, the premier, and James H. Vickers, of the great firm of Vickers, Sons and Maxim.

An excellent repast was served and after the toast of the King had been drunk with the usual honors, Mayor Beckwith welcomed the British manufacturers to Victoria. It was a happy thought that had prompted someone to suggest that the British manufacturers should visit this country. The people of British Columbia realized fully the need of a closer relationship between the Old Land and its great colony—a stronger tie than there had been in the past.

The Premier.

Sir Richard McBride, who was heartily cheered on rising to speak, said that he had had the good fortune to meet the deputation in Calgary, which he learned had made an excellent impression on the party. He had learned also on good authority that the gentlemen had left a good impression also in the prairie city. On that occasion he had said nothing at all about British Columbia, because he recognized that he had been a guest of the sister province, but he ventured the hope that the British visitors had not been disappointed in what they had seen of Victoria and in what the province of British Columbia in general. He paid a glowing tribute to the Financial News with which W. Leonard Palmer was associated. He said that this valuable paper which had always been associated with the highest integrity was, he was glad to say a great friend of this province. He was highly delighted to see that the party was under the sponsorship of his old and valued friend, George Ham, whom he was overjoyed to see back again in excellent health and his accustomed high spirits. Speaking of the resources of the Island, Sir Richard said emphatically: "There is no nation of the British Empire where Nature has been so lavish as in this Island," and he added he was glad to learn that through approved publicity agencies and other means some of the wondrous tales of the grandeur of the future of British Columbia were filtering through to the Old Country. "We are undoubtedly greatly handicapped in being so far away from the metropolis and the great centres of finance, but improved service of transportation and communication is making that barrier less and less with each succeeding year."

"We are not trying to boom B. C.," said Sir Richard, "but to bring about progress by careful business methods and a wholesome and substantial development. We are giving every chance to this province to come into its own. The Americans have assisted considerably in the development but we never forget the Old Land; we never forget what we owe to the great Home Land; we never forget that we are under the same King and part and parcel of the same great Empire. We have a much greater desire to see our own people share in the general prosperity."

"We have made mistakes, undoubtedly," he continued, "but considering the amount of pioneer work and the real hard spade-work there has been to do that was unavoidable. But after all there is no cause for us to be

ashamed of what we have done up to the present time."

Passing on to the question of railways, the premier pointed out the great future which lay before the people in that respect, when the two fresh trans-continental lines were opened and the Panama canal should link the two great oceans together.

"We are trying to prepare a deep and solid foundation before these things come upon us," said the premier. "We put it to you, the representatives of British industries, to help us out in this new land, to go in with us heart and soul, to help us to develop and expand and to share in the profits."

Mr. Sutton.

In order to illustrate his talk on the "Timber Resources of the Island," Mr. Sutton, the well-known geologist had had a large map of the Island placed in the corner that all might see.

He astonished his audience with the figures he brought forward to prove that the future of the island was very rosy indeed. He pointed out that there was at least one hundred billions of feet of standing timber in Vancouver Island at this present moment. The people had hardly encroached upon it at all, but from being considered in the past in the nature of an encumbrance, to-day it was looked upon as a valuable asset in the country's welfare. Referring to the thickness of the growth he showed how that in some of the groves there were 300,000 feet of timber to the acre.

Mr. Sutton said that the greatest factor in the lumber business was the accessibility of the timber and in that respect Vancouver Island was very well off indeed. In fact all the timber was "practically afloat"—that is it was so near to the waterways that to all intents and purposes it might be termed "afloat." Every piece of wood in the island was within reach and was not more than twenty miles away from a waterway.

J. B. Babcock.

Mr. Babcock, of the fisheries department, gave some very interesting details connected with the fisheries of the province.

"In the last great year, that is the year 1909," said Mr. Babcock, "the B. C. fisheries yielded \$10,314,000 out of a total of \$29,629,000 for the entire Dominion." Next to salmon, halibut was the most prolific of the British Columbia fish, but he had to deplore the fact that the cod and the herring industry was very backward.

For a short time the speaker dwelt on the salmon industry and showed how the fish of commerce differed from the game fish in the rivers of England and Scotland. With a few illuminating words he painted a picture of a Scotch scene with gillies and all the attendant accessories and said that it was the scene which Englishmen as a whole connected with salmon-fishing. But the salmon-catching on the Pacific was of an entirely different nature.

W. Blakemore.

W. Blakemore gave an admirable account of the mineral wealth of British Columbia and laid especial stress on the fact that there was coal enough and to spare to provide for the working of the other deposits which were to be found in abundance throughout the province.

Progress of Victoria.

J. J. Shalcross spoke on the commercial development of Vancouver Island and made a trenchant comparison between the island and about the same length of England, that is to say London to Newcastle. He pointed out the enormous advantages that Vancouver Island possessed over that part of Great Britain in many ways. Dealing with the subject of Victoria he showed how the place had increased beyond all telling in the last few years, and as an example of progress compared the building permits of last year with those of the present.

He went on to refer to the factors which had gone into the developing of Vancouver Island, and urged the visitors present to persuade British manufacturers to beset the island with British goods, to lay them at the very doors of the people of British Columbia, and they on their part would be only too glad to buy from the home market.

Hon. W. R. Ross.

Hon. W. R. Ross followed and proposed a toast of health to the guests, and hoped that the next time they came to British Columbia it would be via the Panama canal, so that they would come first upon this province, which he thought the jewel of the whole Dominion.

W. Leonard Palmer.

Mr. Palmer was greeted with a storm of applause when he arose to answer to the toast. He said:

"I see that Morpheus has laid his subtle hand upon many of those present, and this banqueting hall now presents a true parliamentary appearance. It is with great sincerity that I thank the city for the magnificent reception that they have afforded, and I hope that in answering to this toast the British manufacturers will rise as one man to do justice to the kindness of our hosts."

"Now, which we have reached the western limit of our itinerary, is the time to sum up what we have learned before we turn our faces eastward again. The first thing that we have learned is something of the extent of the vast British Dominion of Canada. We have gathered the impression of a great, virile and enlightened people who are pressing forward to their ultimate goal with an optimism that is tremendous."

ANNUAL MEETING OF ZIONIST SOCIETIES

Special Canadian Fund for Purchasing Land in Palestine Successful

Ottawa, July 5.—With about 200 delegates in attendance from nearly every city of importance, in Canada, the twelfth annual convention of the Canadian Federation of Zionist societies was opened here. The delivery of the presidential address and the reception of the reports comprised the principal business transacted while in the evening a dinner was given to the visiting delegates by the local committee in the racquet court. Mr. C. I. De Sola, Montreal, in his presidential address, said that the most important undertaking launched by the federation at the last convention held in Toronto, had been a special Canadian fund for the purpose of purchasing of land in Palestine for the settlement thereon of Hebrew colonists. He was now able to announce that this hope had been literally fulfilled, and 50 per cent. of the total cost of the first allotment, which it had been intended to collect, had not only been fully subscribed, but had been actually remitted in cash

to headquarters for the first purchase of land in Palestine bearing specifically the name of the federation of Zion societies of Canada.

After referring to the different persecutions of the Jewish race of late years, the speaker went on to point out that Zionism and Zionism alone, had offered any remedy for them. "The Jewish question," he stated, "is not a question of almsgiving. It is a big national question. We scorn to treat our brethren as though they were mere objects of charity. We recognize that they are a deeply wronged, self-respecting people entitled to freedom, justice and happiness in a legally secured home of their own."

A menace to their existence more serious than physical sufferings, he said, was the insidious influence of assimilation, and he considered that the materialistic Hebrews of the free lands of the west required redemption every bit as much as the oppressed ones of the east.

The financial report showed that a grand total of \$11,475.22 had been contributed to the various objects of the federation since the last convention. Of this the sum of \$5,052.78 went to the land fund.

DUKE OF CONNAUGHT.

Programme in Connection With Visit to Winnipeg.

Winnipeg, July 5.—The programme for the visit of H. R. H. the Duke of Connaught has been arranged in most of the details by the reception committee of which J. A. M. Atkins, M. P., is chairman

and is given herewith. There may be several minor changes.

Tuesday, July 9, 8.30 p. m.—Arrival of His Royal Highness at C. P. R. depot. Presentation of address at the city hall.

Wednesday, July 10, 1 p. m.—Luncheon given by the exhibition directors at exhibition; 2.30, opening of Canadian Industrial exhibition.

Thursday, July 11, 11 a. m.—Opening of King Edward hospital; laying foundation stone of King George hospital.

Friday, July 12, morning—Review of St. John's Ambulance Association; 1.30 p. m., review of Boy Scouts at exhibition grounds.

Saturday, July 13, 1 p. m.—Opening of Country Club; St. Charles.

Sunday, July 14, morning—Church parade, military and veterans' parade.

Monday, July 15, 11 a. m.—Laying of foundation stone of Selkirk monument; 1 p. m., luncheon to descendants of Selkirk settlers; 4 p. m., visit to C. P. R. and C. N. R. shops.

Tuesday, July 16, 1 p. m.—Canadian Club luncheon; afternoon, garden party, Roslyn road; evening, dinner at Government house.

Wednesday, July 17, 11 a. m.—Opening of children's hospital; 1 p. m., luncheon to officers of the exhibition; 4.30 p. m., visit to the Agriculture College.

His Royal Highness will also attend several sessions of the Town Planning Congress, and this will most probably be on the mornings of July 16 and 17. The Princess Patricia will be entertained at luncheon by the Women's Canadian Clubs, and this will probably be on Monday.

July 18, at the Royal Alexandra hotel. The visit of the Duke will come to an end on Wednesday, July 17, and he will then proceed east again to make a trip to the maritime provinces. Later in the fall he will make his official visit to the west.

HAS NARROW ESCAPE.

Kettle Falls, Wash., July 5.—Edward Merritt had a narrow escape when his boat struck on the bow and it was carried over the rocky or Grand rapids in a small flat-bottom row-boat. He was crossing the Columbia from this place, expecting to make a landing on the other side a mile or so down the river, but owing to the swiftness of the current, he missed, and be-

fore he was aware of it was drawn into the rapids.

As he plunged over one of the falls his boat struck on the bow and it seemed a miracle it did not fill and wash the occupant out. The rapids are fully half a mile long, a mass of spray and flying water.

Mr. Merritt lost one oar and both oarlocks. The boat was about half full of water. He made the shore by

If You are Not Using VITTUCCI'S VIRGIN OLIVE OIL

in place of butter or lard in your cooking you are missing many of the delights of eating. V. V. O. O. adds a flavor and zest to the food that can be secured by no other means.

Try frying potatoes, for example, in V. V. O. O. Use only half quantity compared with butter.

padding with the single oar he retained, when he was fortunate enough to strike an eddy after passing through the rapids.

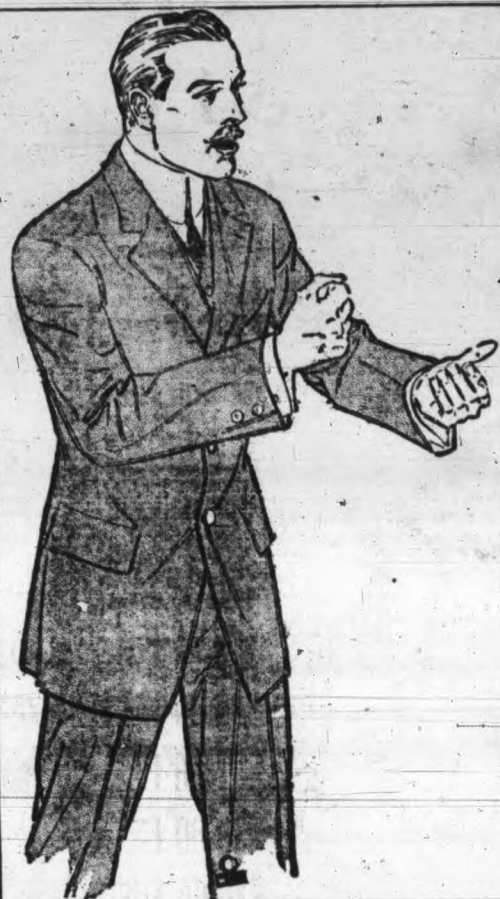

Many men have been drowned at this point.

Examiner—"Now, suppose you found a man on the street so intoxicated he couldn't stand up; how would you treat him?"

Now Cobb—"I wouldn't treat him at all. I'd think he had enough and tell him to go home and sleep it off."

A MONEY-SAVING MESSAGE TO MEN

OF VICTORIA, from the MERCHANTS SALES COMPANY, corner Government and Pandora streets. Our message is that we succeeded in putting through a special purchase from a large Eastern Manufacturer of 500 MEN'S SUITS. We went to this manufacturer with our usual "Cash in the Hand" proposition for the purchase of his surplus stock. We knew his selling season was over. Our money "looked good to him" so we secured the goods at our own price. It was a lucky stroke of business on our part, and we intend to share with you Men of Victoria the benefits of our keen buying. THESE 500 SUITS GO ON SALE TO-DAY, and we state positively to you Men of Victoria that we can save you \$5 to \$15 on your Suit. Look over the prices.

\$15 to \$22 Men's Suits Will Sell at \$6.75

If you are a small man and can wear size 33, 34, 35, this is a wonderful bargain. These Suits are mostly in Black English Worsteds and Cheviots. Made by a leading manufacturer. Not a suit in the lot can be bought at any store for less than \$15. Merchants Sales Company's price **\$6.75**

\$15 to \$20 Men's Suits Will be Sold at \$9.45

These we have in all sizes. They are made of good Worsteds and Tweeds in both light and dark colors. Made in up-to-date style, long or medium length coats. Good linings and trimmings and reliable in every respect. They would sell regularly for \$15 and \$20, so figure out your savings at the Merchants Sales Company's price—

\$9.45

\$20 to \$25 Men's Suits Will be Sold at \$11.45

Now, just think what a saving this means to you. Positively not a suit in the lot that you would buy in the regular way for less than \$20, yet here they are in fine British Worsteds and Tweeds. Good patterns and colors. Tailored in good style and in every way reliable. Two suits for the price of one is what it means to you at the Merchants Sales Company's price—

\$11.45

\$25 to \$30 Men's Suits Will Sell at \$14.85

That seems like a mighty low price for suits that would sell regularly for \$25 to \$30, yet here they are and you will be delighted with the value and good patterns that are here for your selection. Finest of British Worsteds in neat colors and patterns. Tailoring is of the very best. Just come and see them. Regular \$25 to \$30. Merchants Sales Company's price..... **\$14.85**

Westminster Harbor Sites

Annacis Avenue Destined to Be Greater Vancouver's Main Artery of Commerce

Property is Selling Rapidly

Every day more people are realizing what a wonderful investment opportunity has been offered them in Westminster Harbor Sites.

They are realizing that Annacis Avenue is going to be a bustling artery of trade and that property adjoining it will double and treble in value almost immediately. With factories, docks, warehouses and railroads on all sides, ANNACIS AVENUE MUST BECOME THE GREAT COMMERCIAL THOROUGHFARE OF GREATER VANCOUVER. Westminster Harbor Sites is situated right on Annacis Avenue.

Half a Million Dollars

was authorized last Thursday by the people of New Westminster to start the work on the new harbor scheme. Operations will begin at once and the

Harbor Will Be Ready for the Stupendous Trade Sure to Come With the Opening of the Panama Canal

To-day you can buy a lot for \$750 on easy terms. What property will be worth when the harbor is completed can only be estimated. A dozen times the present price would not be far wrong.

Don't You See the Sureness of an Investment in Westminster Harbor Sites

No property in Greater Vancouver is lower-priced—and certainly you will admit that none has the wonderful possibilities of Westminster Harbor Sites.

This property is selling rapidly—much more so than anticipated.

This fact is a recommendation in itself. Real estate men all over the city are astonished at the rate at which the public is buying Westminster Harbor Sites. The summer is supposed to be quiet in real estate circles, but here we are doing a heavy business in the face of precedent.

Doesn't This Show You Your Way

to an opportunity? Drop into our sales office and get an official plan of the property and an illustrated folder. Or if you cannot come in, use the coupon. And watch our advertisements for further development.

NAME.....
ADDRESS.....

FOURTH OF JULY PICNIC YESTERDAY

HOLIDAY CELEBRATED
BY LOCAL AMERICANS

Who Fittingly Honored Their
National Day—Speeches
and Games Entertain.

The celebration held yesterday at Goldstream by the American residents of Victoria in commemoration of Independence Day was a notable success, the special trains run out to the popular picnicking grounds being crowded with people whose numbers were augmented continually during the afternoon by the arrival of motor cars and other vehicles conveying parties of merry-makers. More than a thousand people were computed to be present, and yesterday's celebration of the great American national holiday quite eclipsed all previous celebrations of "the glorious Fourth" in this city.

During the afternoon, while the races and speeches were taking place, a big ox was turning on a spit over a big fire, the first barbecue ever held on the island in connection with the Fourth of July celebrations being one of the important features of the proceedings. At 5 o'clock the great roast was "done to a turn," and slices of the succulent beef were distributed among the hungry crowd who had been reserving their appetites for this auspicious event. At 6 o'clock nothing was left that was edible of the huge platter of beef, many of the picnickers by this time having turned homewards, while others were already enjoying the dancing on the floor which had been erected for the purpose in the picnic grounds.

The United States consul, Hon. Abraham Smith, opened the proceedings in the afternoon, and referred in the most appreciative terms to the cordial spirit of hospitality which had been extended to him during his 14 years' residence in Victoria, and said that he had come to regard the city as his home and its people as his friends. Sir Richard McBride, who was received by the consul, was addressed in most felicitous terms by Hon. Mr. Smith, who congratulated the province on having had for the past eight years such an able man at the head of affairs.

Sir Richard, in addressing the gathering, expressed his pleasure in being present at the celebration of the American residents of Victoria of their anniversary day. The numbers present would, he said, justify the belief that Uncle Sam's people were beginning to realize that British Columbia was, after all, the best place to live in, and with this he quite agreed. The two nations were becoming more alike in sympathies, and misunderstandings were being cleared away. The British and American nations were impelled with the same ambition—that of promoting peace in the world, and harmony between the nations. The more Americans came to settle in Canada, the more they would learn to appreciate the meaning of the British flag and all that it stood for in the way of protection and justice.

In conclusion, Sir Richard said that it would be difficult to realize in looking at the cheery face of Hon. Abraham Smith that there was such a thing as a presidential controversy raging in the United States; and that he hoped, as all the people of British Columbia hoped, that the honorable gentleman might remain for many years more to carry on the work which he had for so many years in the past performed so ably.

The Hon. D. M. Eberts, introduced by the chairman, was enthusiastically received, and referred to his ancestral and family relationship with the United States. One of his forefathers had been sheriff of Wayne county; his brother was a citizen of America; his nephew was a student at West Point; his ancestors had fought for the integrity of the British Empire and also for the liberty of the United States; and many of his relatives lived south of the line. The boundary, he believed,

was growing daily into a more imaginary demarcation, and along its entire length had no fortifications whatever. No war had taken place for many years across its borders, and such, he felt certain, would never take place in the future.

Earlier in the afternoon Rev. Dr. W. A. Leonard, of Seattle, a speaker specially invited to address the gathering of picnickers on the occasion, gave an interesting review of the past history of the United States, and referred to the great men who had helped to build up the United States into nationhood and independence—Washington, Lincoln, and McKinley. These men all faced great problems, but as time advanced it could be seen that the nation was faced with no great questions as any that they had ever struggled with, and that the nation would be strengthened by facing them resolutely and settling them once and for all time. Immigration, he said, was a good thing, but sufficient restrictions should be placed on this to protect the institutions of America, and leave the country the power to absorb rather than to be absorbed by the newcomers.

The various racing events were watched by the enormous crowd, who entered with enthusiasm into the spirit of the competitions, P. J. Webb presenting the prizes at the conclusion of the various events. The following were the successful competitors:

Boys' race, 5 to 10 years: 1st, prize, Loyal Gibson; 2nd, prize, Norman Marchon; the prizes being a baseball bat and glove respectively.

Girls' race, 5 to 10 years: 1st, Irene Watts (box of candy); 2nd, Ivy F. Howson.

Boys' race, 10 to 15 years: 1st, Cecil Hay, (book); 2nd, Robert Lee.

Girls' race, 10 to 15 years: 1st, Verena Elves (box of candy); 2nd, Roxey Donnelly.

Ladies race, 20 to 50: Alma McLaren (box of candy).

Men's race, 20 to 40: R. E. Peckby, Kentucky (\$5.00).

Potato race: J. W. Stromberg, San Francisco (\$2.00).

Fat men's race: P. J. Webb, of Monk, Monteith Co. (\$5.00).

200-yard dash: Aubrey Kent, (\$5).

200-yard dash—D. C. Martin (5.00).

Children's race under 5 years: Marion Owen (doll).

The programme was concluded with the singing of "God Save the King" and "America," the crowd dispersing then in all directions to enjoy themselves in their several ways until the time came for the return of the special train at 8.30, the day having been thoroughly enjoyed by everyone.

ALEXANDER ROBINSON, Superintendent of Education, Victoria, B. C., 3rd July, 1912.

BODIES IDENTIFIED.

Corning, N. Y., July 5.—The bodies of three more victims of yesterday's railway wreck were identified to-day as follows: Mrs. Bessie Catto, of Morristown, N. J.; Mrs. William M. Armstrong, Hoboken, N. J.; and John B. Lau, Brooklyn. The latter had on him a gold medal, apparently of a basketball team, inscribed "Champions of America, Won by John B. Lau, 1911."

Women Must Have help at times, if they would avoid headaches, backaches, lassitude, extreme nervousness. The really superior remedy for them—known the world over and tested through three generations—is **BEECHAM'S PILLS**

Sold everywhere. In boxes, 25c.

G. T. P. BRIDGE AT SKEENA CROSSING

Rails Will Be Laid by Middle of Month—Progress on Grading

Prince Rupert, July 5.—The main portion of the iron structure of the bridge over the Skeena at Mile 163 is laid across and Superintendent Mann says he expects the rails laid down over the bridge by July 15.

With regard to the work of grading the roadbed from this point eastward, it is learned authoritatively that a beginning of work on a portion of the heaviest of the grading between Hazelton and Fort George, that at Burns lake, will begin next January. Steam shovels are required on this section and this machinery cannot be taken

in before next January, when the snow will render transportation possible. From beyond this Burns lake contract grading is comparatively light and the work is going ahead. So that it is complete in the fall of next year is correct, it probably means that the rate of construction is to be greatly accelerated.

TACOMA FESTIVAL CLOSED.

Carnival Proved Success.—Will Be Repeated Next Year.

Tacoma, Wash., July 5.—Reaching for more than two miles, with 3,000 men in line, 28 beautiful floats, a score of bands and many carriages containing dignitaries of the state, city, army and navy and Tacoma Carnival Association, Tacoma's Fourth of July all-nations parade yesterday was the biggest thing of the kind ever seen in Tacoma.

Of the many different marching bodies and military turnouts, the 72nd Highlanders of Vancouver, B. C., easily was the most popular. The Highlanders arrived on the Princess Royal at 7:45 o'clock in the morning and were met by an escort of 25 mounted men from Troop B, and Vancouver's military band. A salute of bombs fired from the stadium welcomed the approaching vessel, whose decks, brilliant with the red coats of the men, made an attractive picture. With the regiment was its brass band of 40 pieces and its pipers band.

The closing of Tacoma's first annual Montanara festo, which took place in the presence of more than 60,000 people, will never be forgotten by those who witnessed it. After the brilliant ceremony for the festo king and queen, a spectacular military review of 2,000 armed sailors and soldiers and a fireworks display that surpassed any similar exhibition ever witnessed here took place. The water carnival witnessed from the packed concrete horse shoe dazled by the spectacular effect. The night was clear and the crowd could see for miles.

The crowning event of the close was when the Highlanders band suddenly burst into "The Star Spangled Banner." The great mass of humanity, carried away with the courtesy of the visitors, rose to its feet en masse and cheered itself hoarse.

The success of the closing night was characteristic of the whole festo. From first to last the big carnival surpassed the expectations of its promoters. An even more elaborate one is being planned for next year.

TACOMA TRACK MEET.

The 72nd Highlanders, of Vancouver, Win First Place.

Tacoma, Wash., July 5.—More than 12,000 persons saw a thrilling and closely contested track and field meeting yesterday afternoon in the Tacoma stadium.

The fleet runners of the 72nd Highlanders, of Vancouver, B. C., carried off the greater part of the honors in the track meeting. In the relay race, the Highlanders made the remainder of the runners look as if they were hitched to a post.

Fast time was a feature of the sprints. Carr, attached to Co. L, 2nd Infantry of Seattle, the former Seattle high school runner, made a great showing in the 50-yard dash, but in the 100-yard contest he lost to Dillabaugh, the fast Highlander, who also carried off the honors in the 220-yard dash. Dillabaugh got off to a poor start in the 50-yard event, and was distanced before he was under way.

Under the scoring of points, the 72nd Highlanders made 20 with four firsts, while Co. D, of Seattle, was second with three first and two seconds. Co. L of Seattle, was third with a total of 8, one first and one second.

WITHHOLDS BELT.

Promoter McCarey Has Doubt and Won't Award It.

Los Angeles, July 5.—"Sleeping over it," did not serve to clarify to any extent to-day the confusion that followed the end of yesterday's championship lightweight battle between Ad Wolgast and Joe Rivers at Vernon. The cries of "fake" and "jobbery" which resounded through the fight pavilion yesterday, were echoed to-day among the haunts of sporting men, and Promoter McCarey stated that in view of the grave doubt laid against the decision of Referee Welch in awarding the fight to Wolgast as a knockout, he had not decided to give the \$800 diamond belt to the champion.

DARROW TRIAL HALTED.

Los Angeles, Cal., July 5.—For the second time since it began the trial of C. S. Darrow, for alleged jury-bribery, was temporarily halted to-day by the illness of Earl Rogers, chief counsel for the defence.

Attorneys for the defence asked an adjournment until Monday, which was granted by Judge Hutton.

At the request of Juror M. R. Williams, as spokesman for the jury, Judge Hutton announced that jurors might go to their home and remain in custody of bailiffs until the resumption of the trial.

The testimony of Robert F. Bain, the first sworn juror in the McNamara trial, and his wife will close the prosecution's case. Bain will tell the story of his corruption by Bert H. Franklin. According to the present plans of the defence, the case in Darrow's behalf will be opened with the reading of a half hundred depositions testifying to the high reputation of the defendant. Among them are depositions from several United States senators and numerous jurists and lawyers of prominence. The reading of the depositions is expected to consume about two days.

LOOTING BY REBELS.

Casas Grandes, Mex., July 5.—Rebels under General Salazar, commanding the vanguard of the insurrecto army, have begun to terrorize this region. Tension among the Americans and foreigners was increased today by the report that C. E. Hollingsworth, manager of the general store of Kettleson & Degetau here, when he refused to give the rebels supplies. They looted the store.

IN THE GOODS OF HARRIET COWPER,
DECEASED.

TAKE NOTICE that Probate of the Will of Harriet Cowper, late of Victoria, British Columbia, spinster, was issued on the 29th day of April, 1912, to A. W. Bridgman, real estate agent, of 300 Government Street, Victoria, as sole executor.
That all persons having any claims against the estate of the said Harriet Cowper are required to send full particulars of the same, duly verified by declaration, to the undersigned on or before the 31st day of June, 1912, and all persons owing any money to the said deceased are requested to pay the same forthwith to the said executor. After the 31st day of June, 1912, the executor will proceed to the distribution of the estate according to the Will, having regard only to the claims of which he shall then have received notice.
Dated the 31st day of May, 1912.
CREANE & CREANE,
Solicitors for the said Executor,
P. O. Box 22, Victoria, B. C.

VICTORIA IS NOW PLACED UPON MAP

**ALDERMAN CUTHBERT
AND THE OLD FLAG**

Real Estate Convention Delegates Honor Him for the Advertising He Gave City

Alderman Herbert Cuthbert, delegate to the Louisville, Ky., real estate convention, representing the Victoria Real Estate Exchange, says he has put Victoria on the map in that neighborhood, at any rate. He frustrated the intentions of the Winnipeg and Saskatoon delegates to bury Victoria and scored a decisive victory over the delegates of the east, inasmuch as he received the congratulations of the American delegates while he stood for half an hour on the platform in the convention hall being shaken by the hand. Alderman Cuthbert is the authority for this statement, and he says "that advertising Victoria, and that was what I was sent there for."

Victoria's publicity came through a suggestion made to the convention that the National Association of Real Estate Exchanges be changed in name to the International Association of Real Estate Exchanges, because of the association with it of the Canadian exchanges. At the same time Ald. Cuthbert drew attention to the fact that if the convention was international in its scope, as speakers had asserted, it was not so. Alderman Cuthbert told the delegates he did not believe there had been any discourtesy in the failure to hang a flag for the Canadian delegates. He thought it just an oversight. The Winnipeg delegates, says Ald. Cuthbert, were out to get the convention for their city next year, and they made the Victoria delegate's remarks a handle for trying to squelch Victoria and him. James Scott and Mayor Waugh, he said, made speeches attacking Ald. Cuthbert and charging him with discourtesy, doing this, he says, for the purpose of strengthening their claim for the next convention for Winnipeg.

When another delegate, A. L. Maclean, got to Toronto on the way home, he took up a pen and pleaded not guilty on behalf of Winnipeg. In a letter to the Globe, which Ald. Cuthbert describes as tommyrot, he says:
"To the Editor of The Globe: On arriving here from Louisville, Ky., where the National Real Estate convention was held, my attention was called to the Canadian Press despatch appearing on page 16 of the Saturday Globe. I will thank you to correct the statement that it was a member of the Winnipeg delegation who criticized the decorations in the convention hall when there was an absence of Canadian and British flags observed. No Winnipeg delegate would be guilty of such a

breach of international etiquette, and when the only delegate from Victoria, B. C., who created the unfortunate disturbance by his foolish remarks, was through with his speech, our Winnipeg delegation urged Mr. James Scott to immediately go to the platform and repudiate any and every connection with the sentiments expressed by the Victoria delegate.

Mayor Waugh also on the following day at the earliest opportunity expressed the regret that all the other Canadian delegates felt at the silly remarks of the Victoria delegate, who "when he came to himself" the next day offered an apology on the floor of the convention, with tears in his eyes. The flag incident was then closed.

In justice to all our Winnipeg delegates will you please, therefore, give this publicity.

A. L. MACLEAN.

Toronto, June 26.
Ald. Cuthbert to-day said that Mr. Maclean did not know what he was talking or writing about. Furthermore, says Ald. Cuthbert, at later sittings of the convention he spoke to the delegates, because, on the way down, there had been banqueting and entertaining at which it was all Winnipeg and Saskatoon. "I thought to myself," said the fourth ward alderman, "that it was time Victoria was heard from. I had travelled 2,500 miles to represent Victoria, and I was out to do that and I did it. I took an opportunity to explain to the convention that I was from Victoria to represent the city of the Pacific gateway, and that I had never thought of being discourteous in my former speech. I had merely mentioned that as the convention was held to be international, there had been an oversight in not making it so in the decorations."

"When the session was concluded the delegates came to me one at a time and shook hands. For half an hour I was receiving them and shaking the men and women by the hands. They know now where Victoria is."

"Then Mr. Maclean's statement that when you came to yourself the next day you offered an apology with tears in your eyes, is not correct," Ald. Cuthbert was asked.
"It's all tommyrot," he replied.
Winnipeg got the convention and the proposal to make the association international is to be carried into effect.

**Salvia, the New American
Hair Vigor**

Sold at Campbell's Drug Store.
Ladies can now have a luxuriant head of real fluffy, sparkling hair, free from dandruff, by using the new English-American Hair Vigor. SALVIA. Go to Campbell's drug store and purchase a 50c bottle. A guarantee goes with every bottle.

Dandruff can be cured in ten days. The hair is made soft and fluffy. SALVIA will grow hair in abundance.
A non-sticky, daintily perfumed hair dressing.

A large bottle only costs 50c, and a money back proposition.

BURLIETH LOCAL IMPROVEMENT

To the Editor:—Your correspondent, "Burlie," has hit the nail on the head regarding the state of this place. I live here, and can say that he describes the state of this subdivision most truly. Nothing is finished here, and yet the council has had over two years to carry on the work. The water supply is insufficient owing to gravel and sand being piled up at the end of Arm street, so that the water company could not put in the new main. If you or any one else want to test the truth of the complaints made, just come over and see the ruinous condition of Burlieith park.

If the works are not finished soon, and the rains commence, there will be an awful mess here. All the men are taken off the job, and apparently, there is no idea in the engineer's mind as to the finishing of the work.
ANOTHER BURLIETH.

NANAIMO'S PROGRESS.

Building Returns for June Show Large Increase.

Nanaimo, B. C., July 3rd. Value of building permits issued by the building inspector, Allan Waters, during the month of June was \$26,552 as against \$22,475 for the month of June last year, an increase of \$14,178. The total value to the end of June this year is \$125,392 as against \$82,396 to end of June last year, an increase of \$43,006 or over 50 per cent.

During the past month there were recorded with Government Agent Thomson, 34 births, 14 deaths and 14 marriages.

Customs collections for the district during June totalled \$12,564.40, as follows: Nanaimo, \$4,856.14; Alberni,

WM. W. NORTHCOFF,
Supt. Public Bldgs.
City Hall, June 29, 1912.

The Municipal Council of the Corporation of the City of Victoria having determined that it is desirable:

1. To construct permanent sidewalks of concrete on the south side of Hillside Avenue, from Douglas Street to Cook Street, and on the north side from Douglas Street to Work Street;
2. To construct a permanent sidewalk on the south side of Johnson Street, from the end of the present walk westerly to Camosun Street;
3. To expropriate a strip of land 27 feet wide off the west side of Oswego Street, from Simcoe Street to Dallas Road, for the purpose of widening said street.

And that all of said works shall be carried out in accordance with the provisions of the Local Improvement General By-Law, and amendments thereto, and the City Engineer and City Assessor having reported to the Council, in accordance with the provisions of Section 4 of this by-law, upon each and every of said works of local improvement, giving statements showing the amounts estimated to be chargeable in each case against the various portions of real property to be benefited by the said work, and the reports of the City Engineer and City Assessor as aforesaid having been adopted by the Council:

NOTICE IS HEREBY GIVEN that the said reports are open for inspection at the Office of the City Assessor, City Hall, Douglas Street, and that unless a petition against any proposed work of local improvement above mentioned, signed by a majority of the owners of the land or real property to be assessed for such improvement, and representing at least one-half of the value of the said land or real property, is presented to the Council within fifteen days from the date of the first publication of this notice, the Council will upon such terms and conditions as to the payment of the cost of such improvement as the Council may by law in that behalf regulate, cause the same to be carried out.

E. W. BRADLEY,
C. M. C.

OIL BURNERS ARE PROVING SUCCESS

Number of Supply Tanks Built in Mountains by Canadian Pacific

Vancouver, July 5.—Mr. F. W. Peters, general superintendent of the Canadian Pacific railway, has returned from Winnipeg.

"The chief matter of interest in the British Columbia division of the railway at the present time is the oil burners in the mountains," said Mr. Peters. "The first engine equipped with oil burners went out of Revelstoke a few days ago, with Mr. Phipps, our master mechanic in charge, and there are now four of the engines converted into oil burners, with the others being added to the number as fast as we can make the necessary alterations. So far all of them have been working splendidly, making steam well and regularly, and apparently the change is going to be a great success. We believe that it is going to add greatly to the efficiency of our engines, and it will undoubtedly be a preventive of forest fires and thus play its part in the protection of the timber areas."

"We have established oil tanks to supply the liquid fuel to engines at Kamloops, Notch Hill, Sicamous, Revelstoke, Rogers Pass, Golden and Field, and we have had constructed a hundred tank cars, which will be employed in conveying the oil fuel from the big tanks in Vancouver to the up-country stations."

"The crops on the prairies have never looked better, and everything points to there being another bumper crop this year. That is what the reports received from the C. P. R. agents all over the prairies indicate, and it is the information that the grain men and merchants at Winnipeg and the other large centres have from their sources of information. On every hand preparations are being made for another big year."

ORE PRODUCTION IS INCREASING

Week's Shipments From South-eastern B. C. Mines Exceed 47,373 Tons

Nelson, July 5.—Ore production in the Kootenay and Boundary districts last week totalled 47,373 tons, an increase of about 5,000 tons over the previous week. For the year to date the production totals 1,150,821 tons.

During the past seven months the Van Rai mine at Silverton, which has a steady payroll of 150 men, has milled an average of between 4,500 and 5,000 tons of silver-lead-zinc ore monthly, according to D. Lay, manager. Most of the ore is taken from the main ore body, which averages in width eight feet, 350 feet in height and 250 feet in length. Development work is being proceeded with on the No. 7 and No. 8 levels, where tunnels which will run 3,000 feet on the lower level are being driven. Each tunnel is in at present about 600 feet. A depth of 1,400 feet from the apex will be given by No. 9 workings.

During the present year the Van Rai has shipped over 1,500 tons of concentrates, which have had an average value said to be higher than that of any similar amount of concentrates ever shipped out of the Shocan country, frequently running 200 ounces in silver. The value of the lead alone from the concentrates shipped has run in the neighborhood of \$150,000, while the zinc is estimated at about \$25,000.

Twenty-seven tons of silver-gold ore shipped from the Meteor mine, near Shocan City, last week, is expected by one of the lessees of the property, J. Wafer, who has made careful samplings, to run at least \$300 to the ton. Stoping is being continued at this property and another carload will be shipped this summer.

With last week's shipments of 956 tons from the Le Roi at Rossland the total for the half year for this property reached a figure of 22,760 tons, compared with 6,529 for the same period last year.

From the Republic camp came a consignment of 440 tons from the Surprise mine, which has shipped 1,049 tons to Trail smelter this year. The United Copper at Chewelah, Wash., shipped sixty-six tons, bringing its total for the six months to 294 tons.

CRUSHED TO DEATH.

Fernie, July 5.—A distressing accident occurred at Messrs. P. Burns' meat store in New Michel, when a boy named Newing, of about 11 years of age, and son of Mr. Newing, manager of the store, met with a frightful death. It appears that the boy had been doing some little odd jobs in close proximity to an engine situated at the back of the store and used in connection with the business, when somehow or other his clothing became entangled in the machinery, with the result that before he could be extricated he was fearfully crushed and died instantly.

TENDERS FOR SAND

Tenders will be received by the undersigned up to 4 p.m. Tuesday, the 2nd day of July, 1912, for 1500 cubic yards (more or less) of clean, sharp sand, suitable for filtering purposes. Specifications can be seen at the Purchasing Agent's office, to whom all tenders must be addressed. The lowest or any tender not necessarily accepted.

POLITICS STILL

FACTOR IN MARKET

Selling Side Not Likely to Make Headway—Trade Reports Cheerful

(By Courtesy F. W. Stevenson & Co.)
New York, July 5.—More or less backing and filling characterizes the action of the security prices for the present and may continue until politics cease to be an immediate factor. Meanwhile as long as the crop promise is encouraging and as long as advances as to the state of general trade continue as cheerful as at present, it is not anticipated that material headway will be made by the factors operating on the selling side, though it would seem to be the part of wisdom to accept moderate turns until it becomes apparent that expanding tendencies in commercial lines are more clearly defined.

HENNESSY BRANDY

is a Life-Saver in summer

IN practically every home, there may be moments in which Hennessy Brandy would save lives. It may be a case of threatened sunstroke, or indigestion with colic, or a fainting spell, or exhaustion from fright, or rescue from drowning, or a weak heart action.

Every one of these emergencies is reached by little Hennessy Brandy.

Every home should have a bottle of Hennessy Brandy for just such emergencies.

Remember, it is not enough to order "a bottle of brandy"

THE SMALL INVESTOR'S OPPORTUNITY TO SECURE A PERPETUAL INCOME---

Buy Saanich Acreage

Five Acre Blocks

IN SOUTH SAANICH, THE MOST PROMISING AGRICULTURAL SECTION ON VANCOUVER ISLAND

For \$300 you can secure one of these blocks and pay the way for that little fortune of yours without worrying about future payments, as there is nothing due for a whole year. By that time your property will be producing a big crop return and the actual value of the land will have at least doubled.

These five-acre farms can be easily cleared. The soil is rich and absolutely free of rock and wet spots.

They lie just northwest of Elk Lake, only 8 miles from Victoria, and are easily reached by the Victoria and Sidney Railroad, which runs right through the property, or by first class roads, which surround and lead to it from all sides.

To the small farmer or poultry fancier this property has every advantage. The soil is most productive, the shipping facilities are as nearly perfect as you can get them and the financial side is assured.

Prices from \$150 to \$350 Per Acre

Terms, One-Quarter Cash, Balance Over Two Years

Surrounding acreage, slashed, is selling at \$500 per acre. Let us show you this property and prove to you its utility and speculative values.

LABOR HALL TO-NIGHT, Hon. Croft, Minister of Labor, will address.

UNION MEN AND OTHERS—Open meeting to-night, Labor Hall, to meet Minister of Labor.

HON. J. J. FOY IS VISITING VICTORIA

ATTORNEY-GENERAL IN WHITNEY CABINET

George Ham is Another Prominent Canadian Now in the City

Two well known Canadians in different spheres of activity registered at the Empress yesterday. One is Hon. J. J. Foy, K. C., attorney-general of Ontario, and the other is George Ham. Hon. Mr. Foy is somewhat of a stranger on the Pacific coast, but George Ham is no stranger wherever the English language is spoken.

Mr. Foy, who has been making a leisurely and interesting tour across the continent, is very favorably impressed with British Columbia's development and prospects. As the Pacific province and Ontario share in common a magnificent heritage in mineral and timber wealth he is able to appreciate with some degree of intimacy both British Columbia's prospects and problems.

With Hon. T. W. Crothers, minister of labor, Hon. J. J. Foy was the guest of Sir Richard McBride at luncheon to-day.

Hon. Jas. Joseph Foy was born in Toronto in 1847. His father the late F. Patrick Foy came over from Ireland in 1832 and became a partner in the business house of the late James Austin, president of the Dominion Bank. Hon. J. J. Foy was educated at St. Michael's College, Toronto, and Ushaw College, Durham, Eng. He received the honorary degree of LL.D. at Toronto University in 1902.

He became a barrister first in 1871 and ten years later a member of the Law Society. Since that time he has been made a K. C. and has successfully practised his profession in the city of Toronto. For some years now Hon. J. J. Foy has been the head of the well known firm of Foy & Kelly.

One of the leaders of the bar, he was appointed commissioner of Crown lands in the Whitney administration in 1905 and since that year has been attorney-general of the province of Ontario. The recent decline of an appointment to the bench offered by the Laurier government.

The other well-known Canadian in every way a big Canadian is George Ham, one of Canada's outstanding assets. Commissioner-at-large for the Canadian Pacific railway, he probably knows more illustrious personages than any man on the continent. He has to drop in on Washington, where he is as warmly received at the White House as he is in the parliamentary press room at Ottawa, where he is always enthusiastically welcomed.

He is accompanying the visiting British capitalists in their transcontinental trip, and will return east with them.

ST. LOUIS COLLEGE CLOSES.

Commencement Exercises Held Yesterday—Prize Winners and Promotions.

St. Louis College held their commencement exercises yesterday afternoon, Rev. J. L. Latour, superintendent of the school, presiding, and after the presentation of the prizes, congratulating the successful pupils on their work during the past year, and urging them to a continuance of their studious pursuits.

Others present who addressed the boys were Rev. W. Fisser, Rev. D. A. MacDonald, Rev. J. Silver, Rev. J. Shanahan, the principal. The following is a list of the successful boys who won prizes: William J. Mellor, literature; Bert Sullivan, Christian doctrine; Albert McDougall, history; Connie Hickey, Bible history; Albert McDougall, spelling and dictation; William J. Mellor, mathematics; Alex. Tourney, department and attendance; Joseph Bertucci, drawing; Louis Becker, Irish history; Roland Dubois, highest average; Edward Clarke, geography; Wm. J. Fitzpatrick, penmanship; Louis J. Ecker, best essay on Victoria. The following is the past list:

Second Prize—Gerald Sandy, Fred Bertucci, Wallace Heale.

Grade I—William Paine, Kenelm Yonge, Gerald Pagan, Raymond Heale, Grade II—Alex. Tourney, John McDonald, James Banister, Fred Goode.

Grade III—John Carlin, Bert Sullivan, James Butler, Albert Rivers, Fred Lynn, Gilbert Larell, Wm. Loftus.

Grade IV—Bennie Mellor, Harold Lineham, Roland Dubois, Alex. Bertucci, Louis Moser, Richard O'Rourke, Hugh Devereaux, Fred Van Sinker.

Grade V—William Harris.

Grade VI—Eugene Lineham, Joseph McKay, John Fitzpatrick, William McKay, David Paine, Charles Rivers.

Grade VII—Edward Clarke, Samuel Webster, Ralph Delval McDonald, D. J. Thompson, Johnson Graham, James Paine, Michael Francis Lawless.

Grade IX—Albert McDougall, Louis Ecker, William Fitzpatrick, Joseph Bertucci, Connie Hickey.

OBITUARY RECORD

The funeral of the late Pierpont Hamilton Gray took place this morning from the B. C. Funeral parlors at 4.45, and after minutes later from St. James' church, Rev. F. G. M. M. officiating. The following acted as pallbearers: Messrs. L. V. Cuppage, A. J. Julien, A. S. Dumbleton, J. A. Watson, Lorenzo Alexander and E. Dickinson.

CANADIANS AT STOCKHOLM. Stockholm, July 5.—The Canadians are returning home and quietly. To-morrow the regular competitions start. Two special papers are being published here. The weather is glorious.

TO-DAY'S BASEBALL

Chicago 7 12 2
Detroit 3 8 1
Batteries—Walsh and Kuhn; Works and Stange.

NEW PLAYER FOR SPOKANE.

Spokane, Wash., July 5.—Joe Cohn has picked up Arthur Davis, first-sacker and captain of the Loon Lake ball team. Davis will be given a try-out this season in the hope that he will be fast enough for the 1913 line-up. He is a big fellow, a hard hitter and fast on the bases and in the field.

"Babe" Clings, formerly with Spokane and Vancouver, has signed to play the rest of this season with the S. A. C. C. team in the city league here.

WILL HAVE NEW HOME.

New York, July 5.—A big bunch of Manhattan baseball fans will journey over to the big burg at the end of the bridge to-morrow to attend the laying of the cornerstone for the future home of the Brooklyn National League club. The Brooklyn club and the New York Giants will attend the ceremony which will be conducted with all of the pomp and dignity befitting the importance of the occasion.

ORIENTALS ASKED TO STAND TOGETHER

NEW PHASE OF THE WOODWORKERS' STRIKE

Dodgers Circulated to Induce Them to Come Out—Mass Meeting To-morrow

Probably for the first time in the history of industrialism in this city the Chinese and Hindu workers are being organized, and this step has been taken in the staple business of the city, the woodworking industries.

Following the strike last week of the white woodworking industrial workers in the city, the managers felt that if the strike was to be effective, the must appeal to that sentiment of industrialism which says labor knows no creed, race, or color, and according to a thousand dodgers in Chinese have been printed, and distributed by hand, calling on the Chinese workers to support their white fellow workers in the mills by standing out for a shorter day, and the extra five cents an hour all round. There are at the present time only about 15 white benchmen at work in the mills of the city.

A mass meeting of the white carpenters will be held to-morrow afternoon at the Labor hall at three-thirty, at which steps to support the striking woodworkers will be discussed and the action of the men determined.

It is stated that the Chinese have been considerably influenced by the appeal of the organization, handling the strike, and will join the white workers. A curious feature is that when the printer was asked for a copy of the Chinese dodger he replied "You boss man, no set it" and a card of the Amalgamated Society of Carpenters had to be presented to secure this curiosity of union struggles.

BACK TO CHICAGO.

Johnson Leaves for Home With a Big Roll.

Las Vegas, N.M., July 5.—Unscathed by his battle with Jim Flynn yesterday and with a cheque from Jack Curley for \$31,000 in his pocket, Jack Johnson is on his way back to "that dear Chicago." Flynn is at his Montezuma camp nursing a nose mashed flat. Johnson, accompanied by his wife, and his camp retinue, left last night for the Windy City. The champion did not assert what his future plans would be, but gave the impression he would likely accept the offer he has had to go to Australia to fight Sam Langford.

FLYNN'S BOX made no announcement of his plans.

KILLED BY LIGHTNING

Moncton, N. B., July 5.—One man is dead and three others are in the hospital having been struck by lightning near here in a tremendous electric storm this morning. Little hopes are held out for the men in the hospital.

A railway train travelling incessantly night and day, at the rate of twenty-five miles an hour, would require six weeks to go around the earth.

Victoria West

Corner Phoenix and Colville Roads, 1-2 block from car, modern 4-roomed house with pantry and bathroom; just completed, \$500 cash, balance as rent.

Price \$2,650

LOCAL NEWS

Y. M. C. A. Cricket.—The Y. M. C. A. Cricket Club, after their successful debut against St. George's have become ambitious and to-morrow will try their steel against the powerful men's own eleven. The Y. M. C. A. team will be as follows: Harris, Stanley, Pearce, Ericson, Hewitt, Cook, Kerry, Bulmer, Reeves, Nelson, Ledlay.

Brown Bros. & Co. Ltd., Florists, Central block, 618 View Street, Carnations, 15c. per dozen. Saturday only, July 6.

Will Make Canada His Home.—Hon. S. R. Verker, one of the party of British manufacturers, last night expressed his intention of becoming a permanent resident in Canada. He has become so impressed with the successful future that this province has before it that he hopes, after a visit to the Old Land to make his home here. Hon. Mr. Verker is a native of North Durham.

Man Under Arrest.—Harold G. Gillespie, an ex-convict, was arrested here yesterday afternoon with valuable rings in his possession worth nearly \$1,000. The man offered no explanation as to how the rings became his, and the police decided to hold him while inquiries are being made at police departments. He was released from New Westminster in March last after serving a sentence for obtaining goods under false pretences, and an additional four months for attempted jail breaking.

Minister to Meet Unions.—Hon. T. W. Crothers, Minister of Labor, will meet representatives of the labor unions this evening, and a number of questions about matters concerning which his opinion is sought, as the Lemieux Conciliation Act, and the Alien Labor Law, have been prepared in advance. Mr. Crothers was in Nanaimo yesterday, and visited several of the workings, meeting a deputation of miners yesterday to talk over labor questions. The minister will leave for the east to-morrow.

Deny Theft Charge.—Two young men named James Gregg and B. F. Canning were arrested last night at Colwood charged with stealing a handbag containing \$75 from Mrs. Walton. The latter lost her bag and it was found on the roadside with the slide out open. The men denied having taken the money but on being searched by Provincial Constables Owens and Mills the money was found in the sock of Gregg. They were presented in the provincial police court this morning where they were defended by J. C. McIntosh. They pleaded not guilty and were remanded until Tuesday on bail.

Dr. Bell Dawson Here.—Dr. William Bell Dawson, the leading Canadian authority on tides, to whose scientific guidance the knowledge of Canadian tidal records is due, arrived in the city yesterday, and called on officials at the Department of Marine and Fisheries.

Dr. Dawson, who is registered at the Empress hotel, is a son of Sir William Dawson, the great scientist, and during his association with the Department of Marine as head since 1894 of the Tidal and Current Survey, he has been able to establish reliable tide tables for Canadian harbors on the east, and in British Columbia, and also a system of tide gauges. The department is also carrying out an investigation of the currents in a systematic place.

TELEPHONE 471 DO IT RIGHT AWAY

CRUSHED TO DEATH IN AUTO ACCIDENT

Car Tipped Over Embankment—Occupants Pinned Beneath Machine

The Dallas, Ore., July 5.—Marion Wilson, of Salem, Ore., was killed, and his wife probably fatally injured, near here yesterday, when their automobile struck a fence on the road, tipping the car over an embankment. The machine came to rest at the bottom of the bank, with Mr. and Mrs. Wilson pinned beneath.

An automobile party which passed the place a few minutes later, discovered the accident. The members of the party released Mrs. Wilson, and took her to the hospital. The body of her husband, who was brought to this place, was taken to the hospital.

NOTICE IS HEREBY GIVEN that the Victoria and Sidney Railway Company have deposited with the Minister of Public Works at Ottawa, and with the Registrar of Deeds in the City of Victoria, a description of the proposed site of their docks at Sidney, Vancouver Island, together with plans thereof, and that they will apply to the Governor-in-Council for approval thereof, at the expiration of one month from the first publication of this advertisement.

Dated this 3rd day of July, A. D. 1912.
Attest: J. W. B. HALL,
Solicitor for the Victoria and Sidney Railway Company.

NOTICE.
On and after Thursday, July 5, 1912, my address will be care: Robertson & Moss, 62 Johnson street, where all accounts can be settled. Accounts due and not settled by the 20th of this month will be paid by other hands for collection. Thanking my many customers for their kind and liberal patronage.

WM. B. HALL,
P. O. Box 40, 62 Johnson St.

As a Pure Food Store We Are Glad to Sell Heinz Ketchup

You can taste the real tomatoes in this Ketchup—they are picked at just the right ripeness—preserved the same day.

Bottled when hot—sterilized and sealed. And it's put up without Benzoate of Soda.

That's the kind of Ketchup you want in your home.

We have it, with many others of the famous 57 varieties.

THE BRITISH CAPITALISTS ARE GUESTS OF THE CITY

(Continued from page 13)

"We have learned from them, I believe, a new faith in ourselves, a faith that we were beginning to lose. As things have been going in the Old Country pessimism has been our portion, and this tour has done us good in the way that it has restored faith in ourselves, because we feel that though it may not all be well with us in the Old Land, yet we know and can say with open hearts, at least, that in that great portion of the Empire known as Canada, all is well.

"Another thing we have learned is the true meaning of Imperialism. Not the spirit of flag-waving, but the true spirit of extension, that great federation of the British people into one great brotherhood. On behalf of the British manufacturers I thank your mayor and the people for their wonderful kindness to us, and also for this exquisite repast."

E. J. Caley.

Edward J. Caley, J. P., the chairman of the Norwich Chamber of Commerce, was the next speaker. He said that the same sentiments which Mr. Palmer had expressed were uppermost in all their minds. They had come through the prairies and over the rugged mountains to the promised land. He was proud to say that he had come from the same county as had bred the great Lord Nelson.

Continuing, Mr. Caley said that out here they had hoped to sing to themselves Tennyson's song of the lotus-eaters:

"O rest ye brother mariners
We do not wander more."

He was sorry to find that this was not true. Sorry to find that they had to go back eastward—but they would leave their affection behind. The impression of the tour he could give in tabloid form in one word—encouragement.

"Yes, we need encouragement," said the speaker gravely. "For the Mother Country is not finding in her old age that peace that she so well deserves." He thanked one and all for the kindness which had been extended to them. The banquet had been a magnificent one, and the speeches that had been delivered had been an even greater intellectual feast. He hoped that the minds of himself and his brother travellers would be able to digest the excellent discourses as well as their alimentary canals were already digesting their food. He called upon his fellow manufacturers to rise and respond to the toast:

"The Mayor and the Prosperity of Victoria."

This was heartily given, and the proceedings closed with the singing of the National Anthem.

Carnegie Library.—Extensive alterations are being carried out at the Carnegie Library. Workmen are busily engaged in the reading room in making the general reading section more commodious, and also in preparing a section as a magazine room.

True contentment depends not upon what we have; a tub was large enough for Diogenes, but a world was too little for Alexander.—Colton.

IN THE SUPREME COURT OF BRITISH COLUMBIA
In the Goods of James Lunney, Deceased

TAKE NOTICE that Probate of the Will of James Lunney, late of the City of Victoria, British Columbia, formerly of Salt Spring Island, has been ordered by the Court to Alexander Wilson and Richard Maxwell, the executors in the said Will named.

FURTHER TAKE NOTICE that all persons having any claims against the Estate of the said James Lunney are required to send full particulars of the same, duly verified by declaration, to the undersigned on or before the 22nd day of July, 1912; and all persons owing any money to the said deceased are requested to pay the same forthwith to the executors. After the 22nd day of July, 1912, the executors will proceed to distribute the Estate of the said deceased according to the said Will, having regard only to the claims of which they shall then have received notice.

Dated this 22nd day of June, A.D. 1912.

THE PASSING SHOW

The Empress Theatre.

The vaudeville sketch is one of the features of the popular entertainment of the day, and on the bill at the Empress theatre this week there is an abundance of this style of entertainment. The sketch presented by Harry Hayward and his talented company causes much laughter. The act closes with "The Firefly," a section car, after which the sketch is titled doing a speed trip across the stage with the company as its passengers.

Elizabeth Kennedy and Anna Mack Berlin appear in a character sketch entitled "Darby and Joan." The act deals with the trials of an actress who has been buying stylish clothing on the dollar-a-week plan with the landlady of her apartment. She finally succeeds in coaxing the consent of the landlady to return the much-sought-after gown.

Bert Cutler puts on a first-class exhibition of fancy billiards, making shows that appear to the novice as impossible. The arrangement of a large mirror to display the ivory on the billiard table as they are driven across is excellent. The billiardist is not only an expert with the cue but a lively talker, and his patter adds to the charm of his contribution.

Princeton and Yale, man and woman, win popularity, if the applause is any criterion, in a light talking skit which is billed under the title of "500 Miles From Broadway." The act features slang in every line, and is lively all the way through.

The two Lindons, a couple of English girls, sing and dance well.

Majestic Theatre.

"At Sorogines's Corner"—great doings at the "Corner" at all times. It is the hub around which the Sorogines' universe revolves. One of the

historical events of the "Corner" was the desertion of a little baby girl by its parents, and its adoption by "Si Bunny." In later years Si's girl runs away with a travelling salesman, but she comes back when she discovers that the salesman is a rascal. Her foster parent, whose heart has ever yearned for his little girl, welcomes her with open arms. She afterwards marries a young and famous artist. "His Lesson" is a biograph. It deals with a homely, simple and very human situation and presents it very effectively. It is almost universal in its appeal. The husband runs his farm, his wife keeps the house, does the cooking, washing, cleaning, sewing, churning and whatnot. The husband is ambitious and hard-working, but he is not affectionate. His wife is more human

than he, is of a finer fibre, has needs that he won't recognize and is being mercilessly worn out. The man gets a sharp lesson and profits by it. Other films on to-day's bill are: "Bronco Billy and the Girl," a magnificent Western drama; "Along the Mediterranean," a very excellent travel film; "A Fish story," an extra good Kalen comedy; and the "Animated Gazette," making a set of films worth going miles to see.
